Contract No. 4600008173
Date 04/29/2005
Our reference ST

A. SCOPE:

This Invitation for Bid is issued to establish a TERM contract for All State Agencies and Cooperative Purchasing Program participants for xerographic paper and print shop paper. This contract will contain six sections: (1) Xerographic, virgin and recycled (2) Laser, 25% Rag Bond and Label Stock (3) Offsets, white and colors (4) Board Grades, including index, chipboard, cover and text, imitation parchment, vellum bristol, recycled cover and text (5) Carbonless paper, pre-collated sets, carbonless tag and padding compound, and (6) Coated Matte Cover and Text and Coated Gloss Cover and Offset.

Major differences in this year's contract involve a minimum dollar amount per purchase order requirement to avoid a handling charge and with the rising fuel and labor costs of delivery, special conditions to qualify for free normal inside delivery. Delivery locations which do not qualify are subject to a delivery surcharge by the vendor.

Over 250 different State agencies, boards and commissions, and state supported colleges and universities may order copy paper and print shop papers from this contract. The contract is mandatory for State agencies if they can meet the minimum order requirements. This contract requires a vendor to deliver via a state-wide (Arkansas) freight network in order to adequately service this contract. More than half of State agency orders deliver in central Arkansas to the Little Rock area. In addition, this contract is open for orders by Cooperative Purchasing Program participants (school districts, counties, cities, municipalities) on a non-mandatory basis. Thus, the actual usage, particularly of Section I, Xerographic stock, is impossible to predict. The usage figures given in this contract are indicative of State agencies usage which is relatively constant annually.

The previous contract covered one year and was extended for an additional year spanning from May 1, 2003 through expiration on April 30, 2004. The contract was extended for an additional year expiring April 30, 2005, then to April 30, 2006.

Only Section I, Xerographic/Bond Papers, requires a performance bond from successful bidder before award. Each section will be awarded independently. Some items are to be bid virgin only, some recycled only and many may be bid offering both virgin and recycled stock. If a recycled sheet is approved, a 10% preference will be applied for that item.

A $500 Minimum per purchase order is required; orders less than $500 will incur an additional $50 handling charge. For more info, see "Minimum order" paragraph, page 5. ON SECTION I, MAXIMUM QUANTITY ALLOWED ON A PURCHASE ORDER OF ANY SUB-SECTION (A-E) ITEM IS 880 CARTONS (1 truckload).
State agencies desiring larger quantities must submit purchase request for Office of State Procurement to bid. Cooperative purchasing participants may not exceed the 880 carton limit per purchase order on any sub-section (A-E). In the event of a market wide mill shortage or allocation effecting xerographic paper, orders for State agencies will be given priority. The term of the contract is for one year with an option to extend for an additional period up to the original term of the contract. This contract may be utilized by ALL STATE AGENCIES and Cooperative Purchasing participants only. The University of Arkansas' Printing Services at Fayetteville is excluded.

All items are bid F.O.B. destination. Agencies submit purchase orders direct to the contractor.by fax or mail. Telephone orders are prohibited.

B. AWARDING INSTRUCTIONS:

This Invitation for Bid will be awarded to the lowest responsible, responsive bidder BY INDIVIDUAL SECTION TOTAL. Bidders must bid ALL ITEMS within a section to be considered. Bidders may bid one or all sections, as they choose.

Where bidders are allowed to bid both virgin and recycled stock on an item, a 10% preference will be applied to the approved recycled stocks. The price after application of the preference will be compared to the virgin price and the lower of the two will be considered. For definition of "recycled paper", see page 13 of this Invitation for Bid.

C. TERM:

The term of this contract is May 1, 2006 through April 30, 2007.

D. EXTENSION CLAUSE:

Any contract awarded from the offering of these specifications will be subject to extension for a period not to exceed the original term of the contract. Any extension must be mutually agreed upon by the Office of State Procurement and the contractor. The Office of State Procurement will notify the contractor before expiration of the contract if an extension is requested. The price change clause will remain in effect for any agreed upon period of extension.

E. MINIMUM ORDER REQUIREMENTS:

Each purchase order to any one contractor must be a minimum $500 order.(excluding sales tax, if applicable). All items from all sections the contractor holds may be combined on the purchase order to satisfy the $500.00 minimum order. Purchase orders for amounts under $500.00 will be subject to a $50.00 handling charge added to contractor invoice.

F. SELLING TO COOPERATIVE PURCHASING PROGRAM PARTICIPANTS:

Arkansas Purchasing Law provides that local public procurement units (counties, municipalities, school districts, certain not-for-profit corporations, etc.) may participate in state purchasing contracts. The contractor(s) therefore agree(s) to sell to Cooperative Purchasing Program participants at the option of the program participants. Unless otherwise stated, all standard and special terms and conditions listed within the Invitation for Bid must be equally applied to such participants. Maximum and minimum order allowances will apply to such participants.

G PAPER PRICE CHANGE CLAUSE:

All prices shall be firm for the first 90 days (3 months) of this contract. In the event a price change is authorized, such prices will remain firm for a period of not less than sixty (60) days.

This contract requires that for Section I, the successful vendor, under separate cover, provide upon request, the Office of State Procurement with dated invoices from the respective mill(s) which show the actual cost of papers being supplied to the state. These invoices will serve as the basis for all price increases or decreases throughout the contract period, and will be kept in the strictest of confidence. Invoices dated after the contract award date must be provided with all paper price increase requests. For all other papers, invoices will be required within ten (10)

working days after receipt of written request from the Office of State Procurement. These invoices must reference the State of Arkansas contract and be specific as to the brand and amount of paper shipped and the unit price paid. Price increases, in the form of mill letters will be honored, however, these letters must be addressed to the merchant network and be reflective of an across the board increase to all distributors. Changes which are granted based upon a mill announced increase, must be authenticated by subsequent mill invoices. In those instances where announced mill increases are not evident on invoices, the State will take the necessary action to readjust unit prices and collect any overpayments.

Mill invoices will be reviewed regularly by the Office of State Procurement to determine if price decreases are warranted. The contractor will be notified in writing prior to any cost decrease announcement made by this office.

Mill letters must specify the brand of paper for which an increase is being announced and must relate the increase as a PER HUNDRED WEIGHT, rather than as a flat percentage. This applies to all sections of this contract with the exception of Section V, Carbonless. The vendor must also provide a list by item number of the papers that will be affected by the increase as well as the paper weight per thousand sheets, and the new unit cost. Requested increases will become effective within ten (10) working days after receipt of all required documentation.

H. SUBSTITUTION OF BRAND:

Any substitutions of brand provided under this contract after award must be approved in writing by the Office of State Procurement prior to delivery. Brand substitutes must be in the same or higher GRADE with same or better brightness level. Any delivery of unauthorized substitutions will be considered contract default.

Packaging for reams and cartons shall be of sufficient strength and design to insure delivery to the user in damage free condition. All cartons must be labeled in a manner which clearly indicates carton contents. Some purchase orders may request "special packaging", i.e. wrapped in lots of 250, etc., which results in extra cost. All such additional charges must be approved by ordering agency to be added as a surcharge to vendor's invoice.

Full pallet lots on mill provided pallets of varying sizes are acceptable at the majority of delivery locations as long as the pallet is of standard industry quality and construction.

Two exceptions to this provision are: (1) the Revenue Department (Joel Ledbetter Bldg.) in Little Rock. These orders must be delivered on 40" x 48" pallets (maximum height 51"). Approximately 10 pallets xerographic paper and approximately 6 pallets of letter size 25% rag bond are involved at this location per contract period. The contractor must adhere to these requirements, including provision of the wood pallet. Attempted deliveries on sub-standard pallets of unacceptable strength to any location by any contractor will be refused.
(2) the Tower Building at 323 Center Street, home to multiple State agencies, prohibits full pallet loads from being brought into the building to prevent damage to the marble flooring. Pallets must be broken outside and individual carton loads hand trucked into the lobby and loaded onto the elevator. These restrictions may result in a delivery surcharge by contractors, see "Special Inside Delivery Surcharges", page 10.

K. RE-STOCKING FEES and LIABILITY OF AGENCIES:

RESTOCKING FEES: Users of this contract are advised that returned orders may be subject to a re-stocking fee of varying amounts which may be passed from the mill to the paper distributor. This charge, at the option of the contractor, may be applied to those orders for papers which are returned to the mill. The re-stocking fee will be limited to 20% of the invoice amount for the returned item or a maximum of $1,000 (not including original transportation costs and sales tax.) Agencies are advised to carefully check item descriptions to avoid incurring re-stocking fees.

L. DELIVERY REQUIREMENTS/DELIVERY RESTRICTIONS/SURCHARGES:

All prices bid shall include "Normal inside delivery" F.O.B. point of destination (ship to address on purchase order) as specified by ordering agency. Deliveries, after receipt of the purchase order, shall be as follows:

VIRGIN AND RECYCLED PAPER: (All sections)

UP TO 199 cartons: 10 working days after receipt of purchase order
200 - 880 cartons : 20 working days after receipt of purchase order

In the event conditions of paper availability on an industry level change during the contract period, the Office of State Procurement will give consideration to vendor requests for additional delivery time.

F.O.B. delivery is limited to ONE ADDRESS PER PURCHASE ORDER TO A DELIVERY LOCATION WHICH MEETS THE "Normal inside delivery" definition stated below. Exceptions to this definition are subject to delivery surcharges by the contractor to be added to invoice

Unit prices bid include at no additional charge the contractor providing "normal inside delivery" service. Normal inside delivery is defined on this contract as " delivery to a building with an accessible dock, then inside the building by the driver to one specific room or area designated on the purchase order with that area being accessible by the use of material handling equipment and, if full pallets are involved, without breaking pallet load to handtruck deliver individual cartons ."

Delivery locations falling in the perimeters of this definition will not be subject to delivery surcharges. The contractor will assess and determine on an individual basis if the delivery location qualifies for the "free" normal inside delivery service. Exceptions will be noted and the delivery location notified and apprised of "special inside delivery" surcharges. The surcharge may vary with the amount of special handling and labor involved.

SPECIAL INSIDE DELIVERY" DEFINITION/SURCHARGES:

Exceptions which disqualifies a delivery location for "normal inside delivery" and may incur special delivery surcharges include: facilities which preclude delivery of full pallet loads necessitating delivery personnel to break pallets and handtruck in cartons, delivery requiring use of a freight or other elevator which prohibit the use of pallet jacks or normal material handling equipment because of elevator size or possible damage regulations pertaining to the building, floor, or elevator, delivery required to multiple areas, floors, buildings or addresses, deliveries requiring opening cartons and stacking reams on shelves, requests for the driver to stock goods in areas where the use of conventional material handling equipment is not feasible or requests for cartons to be carried up flights of stairs in buildings where an elevator cannot be utilized that will carry full pallets.

Agencies requesting "special delivery services" may be subject to a surcharge from the vendor determined on a case by case basis. Agencies requiring special services are advised by the Office of State Procurement to request a surcharge estimate from the vendor prior to purchase order submission. It will be the option of the contractor to provide the service and ascertain a surcharge for agency approval prior to attempted delivery. If an agency refuses a delivery due to special inside delivery surcharges, the agency may be held liable for a re-delivery fee, if applicable. Contractors will insure adherence to fair market or industry standard surcharge rates and the Office of State Procurement will routinely monitor surcharge rates for this contract.

M. MISCELLANEOUS CHARGES/ALLOWANCES:

1. Prior to any work being performed under this contract that will result in additional costs, written authorization must be obtained from the Office of State Procurement.

2. Any other costs incurred in production and not provided for in these instructions and specifications may be invoiced at "fair market " price as established by the Office of State Procurement. However, any additional costs incurred after contract award will not be used in determining the low bid. These costs may include, but are not limited to, halftones, author's alterations, extra composition, overruns, or any other unforeseen costs.
