DIVISION OF YOUTH SERVICES

In SFY 2003, the Division of Youth Services contracted with Community Based Providers (CBP) for the following services: Targeted Casework Management, Therapy, Diagnosis and Evaluation, Intensive Casework Management, Intensive Casework Management-Serious Offender, Interstate Compact, Emergency Shelter and Residential Treatment. In addition, the Community Based Providers provided sanction services that included Restorative Justice, Intensive Supervision and Tracking, Compliance Monitoring, Drug Screening, Day Services Level I, Day Services Level II, and Crisis Residential Treatment. Funding for community/based services was allocated to each judicial district, with one contractor servicing each district. The providers in each district conducted a needs survey in order to provide the services most beneficial to the youth in their individual areas. Aftercare services were provided in accordance with ACT 1222, with quarterly reports submitted to the Legislative Committee on Children and Youth.

The Division also contracts for Specialized Services including: Therapeutic Group Home Services, Comprehensive Residential Treatment Services in Psychiatric facilities, Sex Offenders Treatment Services, Socialization/Recreation Services, Therapeutic Foster Care, Diagnosis and Evaluation and Therapy. Five Serious Offender Programs, four with 30 beds and one with 27 beds, have contracts with DYS.

The Serious Offender Programs were funded for $8,744,328. The Community Based Programs were funded for $14,408,058. The Alternate Placement Programs were funded for $3,970,248. Total funding was $27,122,634.

Juvenile Justice and Delinquency Prevention (JJDP)

The Arkansas Coalition for Juvenile Justice (ACJJ), which is appointed by the governor, participates in the development and review of the State Plan prior to implementation and is afforded the opportunity to review and comment on all juvenile justice and delinquency grant applications. In 2002 and 2003, the primary goal of the ACJJ and DYS continued to be the removal of juveniles from adult jails and lockups, while assuring that those who needed detention were held in appropriate facilities. To accomplish this, the ACJJ recommended and the Division of Youth Services approved Title II Funds to 32 agencies/organizations in December 2002. Of the 32 subgrants, twelve subgrants offer Gender Specific Services. Eight subgrants offer Disproportionate Minority Confinement Services (DMC) with the goal of reducing over representation of minority youth along the entire continuum of the juvenile justice system. Eleven subgrants provide alternatives to the de-institutionalization of status offenders. One subgrant is for Public Information aimed at increasing statewide awareness of relevant issues concerning the juvenile justice system and three Title V prevention subgrants. These subgrants and others continued from last fiscal year are listed below.

COMMUNITY-BASED YOUTH SERVICES PROGRAMS

The Community-based program network consists of 14 privately-operated non-profit organizations for SFY 2003. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he is placed.
