Juvenile Justice and Delinquency Prevention (JJDP)

The Arkansas Coalition for Juvenile Justice (ACJJ), which is appointed by the governor, participates in the development and review of the State Plan prior to implementation and is afforded the opportunity to review and comment on all juvenile justice and delinquency grant applications. In 2003 and 2004, the primary goal of the ACJJ and DYS continued to be the removal of juveniles from adult jails and lockups, while assuring that those who needed detention were held in appropriate facilities. To accomplish this, the ACJJ recommended and the Division of Youth Services approved Title II Funds to 32 agencies/organizations in December 2004.

Of the 32 subgrants, twelve sub grants offer Gender Specific Services. Eight subgrants offer Disproportionate Minority Confinement Services (DMC) with the goal of reducing over representation of minority youth along the entire continuum of the juvenile justice system. Eleven subgrants provide alternatives to the de-institutionalization of status offenders. One subgrant is for Public Information aimed at increasing statewide awareness of relevant issues concerning the juvenile justice system and three Title V prevention subgrants. These subgrants and others continued from last fiscal year are listed below.

COMMUNITY-BASED YOUTH SERVICES PROGRAMS

The Community-based program network consists of 14 privately-operated non-profit organizations for SFY 2004. The division contracts with these programs to provide residential and non-residential services to youth up to the age of 21 who are adjudicated delinquents, members of "families in need of service", or youth at risk (youth who exhibit behavior that, if continued, would bring them into contact with the juvenile justice system).

INTERSTATE COMPACT ON JUVENILES

The Interstate Compact on Juveniles (ICJ) was designed primarily for cases involving out-of-state runaways, escapees and absconders, and for the supervision of juveniles who have been adjudicated delinquent. It provides legal procedures for the return of runaways and makes it possible to place a juvenile on probation or parole in a state other than the one where the offense was committed with the assurance of supervision by the appropriate agencies of the state in which he is placed.
