TO: Local Workforce Investment Areas/Service Providers

SUBJECT: PY 2011 WIA Title I – Youth, Adult and Dislocated Worker Activities Program Allocations

1. **Purpose**: To officially issue PY 2011 WIA Title I – Youth, Adult and Dislocated Worker Activities Program allocations to local workforce investment areas.

2. **General Information**: Youth Activities allocations were calculated according to the Workforce Investment Act of 1998, Public Law 105-220, Chapter 4, and Section 128(b)(2).

   Adult Activities allocations were calculated according to the Workforce Investment Act of 1998, Public Law 105-220, Chapter 5, and Section 133(b)(2)(A).

   Dislocated Worker Activities allocations were calculated according to the Workforce Investment Act of 1998, Public Law 105-220, Chapter 5, and Section 133(b)(2)(B).

   The information below reflects the total allotment to the State of Arkansas for each funding stream, the reservations for statewide activities required under Public Law 105-220, Chapter 4, and Section 128(a) and Chapter 5, and Section 133(a)(1), as modified by Training and Employment Guidance Letter (TEGL) number 26-10, dated May 10, 2011, and the reservation for statewide rapid response activities required under Public Law 105-220, Chapter 5, and Section 133(a)(2).

3. Special Notes:

A. The Adult and Dislocated Worker programs receive two allotments. The first becomes available for obligation on July 1; this portion is commonly referred to as "base" funds. The second allotment becomes available for obligation on October 1; this portion is commonly referred to as "advance" funds.

According to the U.S. Department of Labor (DOL), Section 1801 of Title VIII of the Full-Year Continuing Appropriations Act, 2011 (Public Law 112-10, Division B, signed April 15, 2011) "specifies changes to the amount of WIA program funds from what was provided in the DOL appropriations Act, 2010. The Act decreased Youth program funds, the "base" portion of Adult and Dislocated Worker funding that states receive on July 1, 2011 and decreased the portion of the formula grant funds the Governors may reserve for statewide activities by 10 percentage points, from 15 percent to 5 percent. The decrease in the Governors' reserve seems to have been intended to mitigate the burden that the reduction in PY 2011 formula funding will have on local services. The appropriations language that established the new lower limit on the Governors' reserves was placed in Section 1801 of Title VIII of the Act, which is the section that describes PY 2011 funds that become available during the current Federal fiscal year, including the funds for Youth Activities (which are available beginning April 1, 2011), and to the "base" portion of funding for Adult and Dislocated Worker activities that will be available on July 1, 2011. *The placement of this language in the Act does not appear to apply the limitation on the Governors' reserves to the "advance" funds for WIA Adult and Dislocated Worker activities that become available for obligation on October 1, 2011."*

DOL "is in the process of seeking clarification from Congress on which limit (i.e., 5 or 15 percent) should be applied to the "advance" portion of the Governors' reserve and will provide guidance on the use of the "advance" funds as soon as more information is known." States were "advised to plan accordingly in the event that Congress clarifies that the 5 percent limit also applies to the "advance" funds for the Adult and Dislocated Worker programs which become available to states on October 1, 2011." If Congress provides a clarification that the 5 percent limit applies to all funds, the formula breakdown for October will be the same as for July, and would be as follows:

- Youth and Adult Local Allocations - Minimum 95%
- Dislocated Worker Local Allocations - Minimum 70%
- Rapid Response - Maximum 25%
- Youth, Adult, and Dislocated Worker Statewide Activities (including state-level administration) - Maximum 5%

Regarding funds set aside for statewide activities, states were authorized to reserve for state administration no more than five percent of each of the total allotments for WIA Youth, Adult, and Dislocated Worker programs.

B. Section 1104 of Title I of the Full-Year Continuing Appropriations Act, 2011 also states that, unless otherwise specified, the requirements, conditions, limitations and authorities in the Department of Labor Appropriations Act, 2010, continue to be in effect for FY 2011. For instance, with FY 2011 funds:

- A local board may still transfer up to 30 percent of funds between the Adult and Dislocated Worker funding streams if approved by the Governor.

- A local board may still award contracts for "class-size training," that is, a local board may still award a contract to an institute of higher education or other eligible training provider if the local board determines that it would facilitate the training of multiple individuals in high-demand occupations, if such contract does not limit customer choice.

- Salary caps from FY 2010 are maintained (i.e., $179,700). No funds under the header "Employment and Training Administration" may be used by a recipient or sub-recipient to pay the salary and bonus of an individual, either as direct costs or indirect costs, at a rate in excess of Executive Level II, and states may establish lower salary caps.

C. In 2010, Arkansas received a second extension of the waiver of funds transfer limitations through June 30, 2011. The waiver allows the state to approve local area requests to transfer up to 50 percent of local area allocations between the WIA Adult and Dislocated Worker programs. This waiver may be subsequently extended through June 30, 2012.

D. This Issuance provides the PY 2011 July allocation for each Title I funding stream, including the funds for Youth Activities (which are available beginning April 1, 2011). It also provides the October allocation for the Adult and Dislocated Worker funding streams but with two different scenarios.

Since DOL "is in the process of seeking clarification from Congress on which limit (i.e., 5 or 15 percent) should be applied to the "advance" portion of the Governors' reserve, and will provide guidance on the use of the "advance" funds as soon as more information is known.", we are providing October allocations under both scenarios. We will inform local areas as to which scenario will apply as soon as DOL publishes their guidance.

E. A separate Issuance will provide local workforce investment areas with PY 2011 sub grant award numbers and funding information. Adult and Dislocated Worker Activities sub grant awards will have an effective date of July 1, 2011. Youth Activities subgrant awards have an effective date of April 1, 2011.

4. **Action Required:** Please provide this information to staff involved in the preparation of PY 2011 WIA subgrant award packages.

5. **Inquiries**: Mike Kennedy (501) 682-3142 or mike.kennedy@arkansas.gov

6. **Attachments**: PY 2011 WIA Title I Youth, Adult and Dislocated Worker Allocations.

7. **Expiration Date**: June 30, 2013.
