

**MSU/MAIC Forest Herbicide Workshop
July 13-14, 2010
Tully Auditorium
Mississippi State University**

Tuesday, July 13th

General Topics

12:15 -12:45 Registration (Notebooks, receipts, parking passes) – Tully Auditorium

12:50 – 1:00 Welcoming remarks – Dr. George Hopper

1:00 - 1:30 Update on regulations and programs from Bureau of Plant Industries
– T. McDaniel

1:30 - 2:00 Herbicide safety and toxicology – D. Moorhead

Hardwoods

2:00 - 2:30 Effect of directed spray glyphosate applications on the survival and growth of
planted oaks after three growing seasons – B. Self

Invasives Control

2:30 - 3:00 Forest management activities and cogongrass – J. Byrd

3:00 - 3:30 BREAK

3:30 - 4:00 Control of yaupon or Chinese privet among mixed tree species – S. Wright

4:00 - 4:30 Chinese privet control in Georgia and estimated costs for treatment
– D. Dickens

4:30 - 5:00 Control of Chinese privet using aerial application – D. Moorhead

5:00 – Adjourn

Wednesday, July 14th

8:00 - 8:25 New herbicides for control of kudzu, trumpetcreeper, or poison ivy
– S.Wright

8:25 - 8:50 Screening MAT-28 for cut stump control of yaupon, sweetgum, and Chinese tallowtree – J. Yeiser

8:50-9:10 Comparing MAT-28 to glyphosate or imazapyr for control of cogongrass
– S. Wright

Herbaceous Weed Control

9:10 – 9:35 A summary of herbaceous weed control trials on old field sites in Georgia
– D. Dickens

9:35-10:00 Herbaceous release and growth of loblolly pine seedlings on seven intensively prepared sites in East Texas – J. Yeiser

10:00- 10:30 BREAK

Site Preparation

10:30- 11:00 Noncrop pine control – a summary of recent field research – J. Yeiser

11:00- 11:30 Overview of aminocyclopyrachlor use – a new herbicide – A. Ezell

11:30 - 12:30 LUNCH (on your own)

12:30 - 1:00 Milestone VM Plus tank mixtures for forestry site preparation – A. Ezell

1:00 – 1:30 Influence of application timing on the efficacy of Chopper GEN2 in forestry site preparation – A. Ezell

Wildlife Habitat/ Herbicides

1:30 -2:00 Herbicides and wildlife habitat – (A) results from QVM work and (B) initial response to intensive plantation establishment procedures – S. Edwards

2:00- 2:30 – BREAK

2:30- 3:00 Pine growth and wildlife habitat response 3-5 years following different intensities of pine plantation establishment – P. Jones

3:00- 3:30 Pine growth and wildlife habitat after crown closure (6-8 years) following differing establishment intensities – T. Campbell

3:30 - 4:00 Evaluation of wildlife habitat following midrotation brush control applications and prescribed fire in loblolly pine plantations – R. Iglay

Industry Updates

4:00- 4:20- DuPont -Update on products and programs

4:20 – 4:40 DowAgrisciences – Update on products and programs

4:40 – Sign up for CFE and applicator recertification credits
Pick up CFE certificates

Speakers:

Dr. John Byrd, Mississippi State University

Ms. Tamara Campbell, Mississippi State University

Mr. Scott Edwards, Mississippi Dept. of Wildlife, Fisheries, and Parks

Dr. Andy Ezell, Mississippi State University

Dr. David Dickens, University of Georgia

Mr. Ray Iglay, Mississippi State University

Dr. Phil Jones, Mississippi State University

Mr. Tommy McDaniel, MDAC Bureau of Plant Industry

Dr. David Moorhead, University of Georgia

Mr. Brady Self, Mississippi State University

Mr. Scott Wright, Mississippi State University

Dr. Jimmie Yeiser, Stephen F. Austin State University

Continuing Forestry Education

Contact Hour Notice

Forestry Herbicide Workshop
MSU Campus-Starkville Mississippi
July 13-14, 2010

10 Hours of Category 1-CF Credit

MSU/MAIC Forest Herbicide Workshop*
July 13-14, 2010
Registration Fee: \$135.00**

Name: _____

Organization: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ E-mail: _____

***Complete and submit with \$135.00 to:** Ms. Tracy Gregory
MDAC Bureau of Plant Industry
P.O. Box 5207
Mississippi State, MS 39762

****Make Checks Payable to MAIC or you may pay by credit card (Mastercard, Visa, or American Express)**

For more information on the program, contact Andy Ezell at 662-325-1688
