(ii) The sum of ninety-eight percent (98%) of the uniform rate of tax multiplied by the property assessment of the school district.

(B) For a school district whose net revenues are more than the sum of ninety-eight percent (98%) of the uniform rate of tax multiplied by the property assessment of the school district, the Department of
Education, under the authority of § 6-20-2306, shall recoup from the school district an amount equal to the difference between:

(i) The net revenues of the school district; and
(ii) The sum of ninety-eight percent (98%) of the uniform rate of tax multiplied by the property assessment of the school district.

(C)(i) Data to verify the timely receipt of revenues applicable to the required ninety-eight percent (98%) of the uniform rate of tax multiplied by the property assessment of the school district shall be collected received annually by the Department of Education in cooperation with the Assessment Coordination Department under § 26-80-101(b)(4)(A)(ii).

(ii)(a) Data may be appropriately adjusted by the Department of Education if it is determined that irregular distributions by a county treasurer of excess commissions cause a school district’s property tax collection rate from the uniform rate of tax to exceed ninety-eight percent (98%).

(b) The Department of Education may adjust the uniform rate of tax from an irregular distribution to an amount not in excess of ninety-eight percent (98%) and apply the excess distribution amount the following school year.

(iii) Evidence of overlapping revenue reporting or irregular distributions shall be provided in the form required by the Department of Education.

SECTION 2. DO NOT CODIFY.
