SECTION 1

INTRODUCTION

1.1 Purpose

The purpose of this Request for Proposal (RFP) is as follows:

To solicit proposals which will result in one (1) contractor who will, based on the availability of funds, coordinate advertising, marketing and public relations activities for the BreastCare program located in the Arkansas Department of Health (ADH). The purpose of BreastCare is to deliver messages that raise awareness of the risk factors of breast and cervical cancer, while encouraging Arkansans to take preventive action for better health. A large portion of the media campaigns will target Arkansas's minority and underserved populations. The program seeks to work with a media/marketing contractor capable of translating material for print, radio, and television into Spanish, Asian, and Marshallese languages. Any media campaigns will promote healthy lifestyles and increase awareness of health risk behaviors that lead to breast or cervical cancer.

Specifically, we seek a contractor who will work closely with ADH/BreastCare management staff to develop and implement a comprehensive state-level media plan with measurable objectives and performance indicators. These factors will be utilized by program staff and the Breast Cancer Control Advisory Board to monitor the impact to the program. The successful media/marketing contractor will be charged with:

- reviewing and incorporating existing media campaigns,
- performing needs assessments biannually to determine the media and public relations needs of the BreastCare program,
- utilizing The Guide to Community Preventive Services to develop effective evidence-based strategies to reach targeted populations,
- providing assistance for recruitment of local organizations across the state for outreach events such as Pink Carnation Sunday,
- determining and recommending the best strategies for reaching the target audiences and specific goals in order to achieve the greatest overall impact on the health of the general public and targeted populations and
- producing reports, publications and other materials.

The successful applicant will meet the media, marketing and public relation needs of the program in an efficient and coordinated manner.

The contract for marketing and public relations will be awarded via a professional services contract (PSC) between the Arkansas Department of Health and the successful offeror. All proposals received will be given equal consideration. The contract is contingent upon review by the Arkansas Department of Finance and Administration, Office of State Procurement, the Arkansas Legislative Council and/or the Joint Budget Committee and other funding sources, as necessary. Applicants may obtain more information and/or technical assistance by contacting the ADH Issuing Officer (see Section 3.1).

1.2 Background

BreastCare Program in Comprehensive Cancer Section

The Arkansas Breast Cancer Act 434 of 1997 established the Breast Cancer Control Program, known in Arkansas as BreastCare and administered by the Arkansas Department of Health (ADH). With the receipt of Federal funds and additional covered services, the program is now known nationally as the Breast and Cervical Cancer Control Program (BCCCCP). BreastCare is an educational resource for all Arkansas women and provides screening, diagnosis and

treatment for women who are age 40-64, uninsured and at or below 250% of the Federal Poverty Level (FPL). This program is directed toward increasing the number of women who have mammograms and Pap tests by increasing access to breast and cervical screening services and mammography information. In FY14, BreastCare served over 9,500 women. With the implementation of the Affordable Care Act, a greater number of Arkansans have access to some type of health insurance coverage which increases access to breast and cervical cancer screening services for many low-income, underserved women. Even with adequate health insurance, many women will still face barriers to obtaining these preventative health screenings. For this reason BreastCare now also focuses on population-based approaches to ensure women, with or without health insurance, overcome barriers to getting screened for breast and cervical cancer.

Arkansas' population has become more diverse over the last ten (10) years, largely due to the growth of the Hispanic, Marshallese, and Asian populations. The growth rate of the Hispanic population is among the highest in the nation (greater than 600% from 1990 to 2006) according to a report by the University of Arkansas Cooperative Extension Service titled *Growth and Change in Arkansas' Hispanic Population*. The Asian and Latino populations are spread throughout the state, but are concentrated along the western border and in the central region of the state. African Americans make up a larger proportion of the population in the state, compared to the US, and are located primarily in the central and southeastern parts of the state. Arkansas is also the state with the second highest share of Marshallese individuals in the country after Hawaii. The BreastCare program goals are to:

- 1) encourage all Arkansas women to get regular breast and cervical cancer screenings, as appropriate, in order to reduce the morbidity and mortality from breast and cervical cancer;
- 2) reach a large percentage of women who are over age 40 and have never been screened for breast or cervical cancer, have not had a mammogram in over two (2) years or have no health insurance to cover these screenings, and
- 3) eliminate health disparities, especially among African American, Hispanic, and Marshallese women who are at risk due to disproportionate impact and lower screening rates

Program components include an ongoing multimedia campaign reflecting BreastCare's mission to promote early detection of breast and cervical cancer as key to reducing morbidity and mortality among women in Arkansas. The campaigns define BreastCare as a program that reduces barriers to screening that result from lack of information, financial means or access to quality services. The campaign includes print materials, newspaper, radio and television advertising and public service support. Other components include public relations, marketing and program promotion.

The State has been doing PR since 1999 and has had great success with both paid and earned media. Examples may be found on the BreastCare website at www.ARBreastCare.com.

BreastCare celebrated ten (10) years of service and support from the Arkansas State General Assembly in 2007. State program funds are generated from components of the state tobacco tax and Federal funds come from the Centers for Disease Control and Prevention (CDC). In addition, the program secures Susan G. Komen for the Cure grants as needed to cover specific project areas.

1.3 Overview of ADH Organization and Operations

As one of the largest state agencies in Arkansas, ADH has a mission to promote public health policies and practices that assure a healthy quality of life for Arkansans. The Center for Health Advancement (CHA) is one of five (5) centers that comprise the ADH. BreastCare program is located within the Chronic Disease Branch of the CHA.

1.4 Scope of Work

The Arkansas Department of Health (ADH) announces the availability of approximately \$235,000 for a competing agreement for an advertising agency to serve the BreastCare program.

The final amount of the winning contract will depend upon the availability of funds.

Respondents to this RFP should focus on detailing what will be provided rather than what it will cost. Respondents should clearly define the best way to achieve the program goals and tailor proposals and presentations to fit the agency's proposed budget of \$235,000.

The BreastCare program goals are to:

- 1) encourage all Arkansas women to get regular breast and cervical screening, as appropriate, in order to reduce the morbidity and mortality from breast and cervical cancer;
- 2) reach a large percentage of women who are over age 40 and have never been screened for breast or cervical cancer, have not had a mammogram in over two (2) years, have no health insurance to cover these screenings, and
- 3) reach more minority women due to disproportionate impact and lower screening rates.

Pending the availability of funds, the selected contractor will be expected to:

- 1.4.1. Cooperate fully with designated personnel and/or advisory board members as appropriate, during the course of the media contract. The contractor will work with the program designees in the selection of pre-produced media and the development of new media, pre-testing, production, placement and evaluation of media components. The contractor will submit campaign strategy and plan components to the staff and/or advisory board or designees, as appropriate, for approval.
- 1.4.2. Place any advertising campaign ads through a combination of both paid placement ads and public service announcements of equal value, maximizing the exposure to target audiences and the value of media purchased under the allocated budget.
- 1.4.3. Create, test, produce, place and manage any media campaigns including both electronic and print advertisements and develop public service support for the target audiences. The campaigns will include media selection, purchase, production, pre-testing, placement and evaluation of the placed media.
- 1.4.4. Provide optimal media coverage. Ads developed and pre-produced ads will be used for placement in this deliverable.
- 1.4.5. Provide program director a written summary and timeline of all planned contract activities within two (2) weeks after the contract starts.
- 1.4.6. Provide program director a quarterly television, radio and print media buy plan summary for approval, a minimum of six (6) weeks prior to scheduled release of the ads. Subsequently, program designee must approve any changes to the provided schedule. (A media buy plan summary is defined as a plan that includes a break out of placements for the target audience and each campaign theme to include: budget, markets, specific week's ads for which each theme will run and an estimate of reach/frequency/effective reach/gross ratings points and daily time frame for TV/radio spots.)
- 1.4.7. Place media according to a schedule approved by each program designee using approved media.
- 1.4.8. Provide each program designee, a media post buy report following each quarter's placement.
- 1.4.9. Demonstrate, with a sample quarterly buy plan, how they will maximize use of the most effective media outlets, which are determined to reach the target populations. The successful offeror must include at least three (3) case studies which exemplify work similar to that described in this RFP. Each study should identify the client; contain a statement about the scope of work and provide insight into how the campaign was developed and implemented. Case studies should also detail how surveys (or other performance indicators) were used to measure the success of each program.
- 1.4.10. Research and identify evidence-based, effective ways to reach the target audience and make

recommendations for the most economical use of the funds.

- 1.4.11. Develop, coordinate and execute all media activities including public service announcements, feature stories, special news releases, special events, news conferences and media kits.
- 1.4.12. Provide a written assessment of impressions, documenting impact of the media campaign.

- 1.4.14. Provide measurable evaluation methods for campaign outcomes.
- 1.4.15. Conduct creative testing of any new advertising materials with focus groups, based on staff and/or advisory board recommendations.
- 1.4.16. Produce collateral and printed materials such as an annual report, brochures, provider update e-newsletters, client e-blast newsletters, news conference materials, policy pieces and other promotional materials as required by program components to support BreastCare.
- 1.4.17. Develop and produce new Arkansas-specific, minority-focused and culturally relevant ads for television, radio, print and other types of media, and place these ads with media outlets catering to the targeted populations, as directed.
- 1.4.18. Design and coordinate the production of annual BreastCare events (if any)
- 1.4.19. Provide public relations counsel, social and digital media recommendations, media relations and development for special events that may include the Josetta Wilkins Awards and nominations activity, Pink Carnation Sunday outreach, and outreach to targeted audiences as determined in planning sessions with BreastCare program staff.

- 1.4.24. Collaborate with BreastCare staff in the development of innovative evidence-based small media campaigns to increase recommended age appropriate screening services.

- 1.4.27. Produce the Annual Report including the design, content, printing and distribution to appropriate lists
- 1.4.28. Develop and monitor social and digital media outreach for internal and external audiences that may include a presence on Facebook, Twitter, and YouTube for online outreach to providers, potential providers and enrollees (general public)

NOTE: All printing must be awarded, under contract, to the lowest responsible bidder. Contractor must provide evidence that they have solicited bids on any printing work.

1.5. Contract Duration

Work will be done within the constraints of a professional service contract with a proposed effective period of July 1, 2015 through June 30, 2016

3.6 Acceptance of Proposals

All proposals properly submitted in accordance with the above rules shall be accepted by the ADH. However, ADH reserves the right to request necessary amendments or supplementation to proposals or to reject any or all proposals received, amend the RFP or cancel this RFP at any time, according to the best interest of ADH.

The ADH reserves the right to waive minor irregularities in proposals providing they meet the rules of procurement and mandatory requirements. Such a waiver shall be done in the best interest of the ADH and shall in no way modify the RFP requirements or excuse the respondent from full compliance with the RFP specifications, including contract requirements if the respondent is awarded the contract.

3.7 Rejection of Proposals

The ADH reserves the right to reject any and all proposals received as a result of this RFP. Failure to furnish all information may disqualify a respondent. If the respondent takes exceptions to the RFP that are not acceptable to the ADH, the proposal may be rejected.

Proposals or bids will not be considered if submitted by any person or entity subject to debarment or exclusion under applicable laws, regulations, or rules in effect at the time the bid or proposal is made, reviewed or both.

3.8 Disposition of Proposals

All proposals become the public property of the ADH and will be a matter of public record subject to the provisions of the Arkansas Freedom of Information Act, ACA §25-19-101 et seq. In accordance with ACA §25-19-105 (b) (9) (A), to prevent any parties from obtaining information that would result in an unfair competitive advantage, no proposals will be released prior to the announcement of the results of the procurement process.

If the proposal contains material that is considered by the respondent to be confidential under Arkansas law, the respondent must so designate the material and state the basis for the claim of confidentiality in the Statement of Acknowledgement. In responding to any requests under the Freedom of Information Act for materials so designated, the ADH shall review the basis for the claim of confidentiality to determine if the claim of confidentiality appears justified. If there appears to be a valid basis for the claim of confidentiality, the materials will not be released.

If, in the judgment of the ADH, there is no valid justification for the claim of confidentiality, the respondent will be notified prior to the release of the information in order to allow the respondent the opportunity to pursue any desired legal remedies.

3.9 Incorporation into the Contract

Appropriate portions of the successful proposal may be incorporated into the resulting contract and shall be a public record subject to disclosure under the provisions of the Arkansas Freedom of Information Act, ACA §25-19-101 through §25-19-107.

The ADH shall have the right to use all ideas, or adaptations of those ideas, contained in any proposal received in response to the RFP. Selection or rejection of the proposal shall not affect this right.

3.10 Subcontracting

Each respondent in its proposal shall designate only one (1) organization as the primary contractor. All other participating organizations shall be designated as subcontractors and all subcontractors are subject to prior approval by ADH.

Respondents shall certify that they have all the necessary resources to complete the work described in the RFP Scope of Work section. Only the subcontractors approved by the ADH shall work on the contract. Respondents must attach to their Statement of Acknowledgement statements from each subcontractor confirming their willingness and ability to perform the work designated in the proposal. Respondents shall not make multiple proposals as the primary contractor under this proposal and as subcontractor in other proposals.

3.11 Minority Business Policy

Minority participation is encouraged in this and all other procurements by state agencies. "Minority" is defined by ACA §15-4-303 as "African American, Hispanic American, American Indian or Native American, Asian or a Pacific Islander." The Division of Minority Business Enterprise of the Department of Economic Development conducts a certification process for minority businesses. Respondents unable to include minority-owned businesses as subcontractors may explain the circumstances preventing minority inclusion.

3.12 Independent Price Determination

Respondent's Cost Proposal (price) shall be arrived at independently without collusion, consultation, communication, or agreement with any other respondent or with any competitor. The respondent shall include a statement in the proposal that the price was arrived at independently without collusion, consultation, communication, or agreement. Should a conflict of interest be detected at any time during the contract, the contract shall be deemed null and void and the contractor shall assume all costs of the contract until such time that a new contractor is selected.

3.13 Prohibited Solicitation

It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business (ACA §19-11-229). If this provision is violated, the ADH shall have the right to reject the proposal, annul the contract without liability, or deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

3.14 RFP Amendments

The ADH reserves the right to amend the RFP prior to opening of the proposal. Prior to the due date for proposals, amendments, addenda and clarifications will be posted on the internet at <http://www.arkansas.gov/dfa/procurement/bids/index.php>.

3.15 Proposal Amendments and Rules of Withdrawal

Prior to the proposal selection date, a submitted proposal may be withdrawn by submitting a written request for its withdrawal to the Issuing Officer, signed by the respondent.

The ADH will not accept any amendments, revisions, or alterations to the request for proposals after the proposal due date unless such changes were requested by the Issuing Officer.

3.16 Respondent's Contact Person

Respondent will provide the name, telephone number, including area code, and email address of an authorized person in its company who may be contacted regarding this RFP response.

3.17 Anticipation of Award

After complete evaluation of the bid or proposal, the anticipated award announcement will be posted on the Department of Finance and Administration, Office of State Procurement website <http://www.arkansas.gov/dfa/procurement/bids/index.php>. The purpose of the posting is to establish a specific time in which vendors and agencies are aware of the anticipated award. The bid results will be posted for a period of fourteen (14) days prior to the issuance of any award. Vendors and agencies are cautioned that these are preliminary results only, and no official award will be issued prior to the end of the fourteen-day posting period. Accordingly, any reliance on these preliminary results is at the agency's/vendor's own risk.

The Office of State Procurement (OSP) reserves the right to waive this policy, the Anticipation to Award, when it is in the best interests of the State.

3.18 Awarding of Contract

The ADH may decline to enter into a contract as a result of this RFP. If a contract is awarded, it shall be awarded to the respondent whose proposal is determined to be most advantageous to the ADH based on the selection criteria, not necessarily the lowest price. The ADH is not liable for any cost incurred by any respondent prior to the issuance of any contract. The contract is subject to state approval processes including but not limited to approval by DFA and legislative review as well as federal agency oversight and is not valid until those processes are complete.

3.19 Rules of Procurement

Any actual or prospective respondent, offeror or contractor who is aggrieved in connection with the solicitation or award of a contract may file a written protest with the State Procurement Director within fourteen calendar days after the respondent knows or should have known of the facts giving rise thereto in accordance with A.C.A. §19-11-244. The State Procurement Director or a designee, prior to commencement of an action in court or any other action provided by law, will attempt to negotiate a settlement of the protest with the parties in accordance with A.C.A. §19-11-244. This decision will be final and conclusive.

3.20 Restriction on Communications with State Staff

Although communications regarding protests are permitted in accordance with A.C.A. §19-11-246, from the issue date of this RFP until a successful respondent is selected and the selection is announced, respondents shall limit all other communications with any state staff about this or a related procurement to the RFP Issuing Officer. If this provision is violated, the state shall have the right to reject the proposal and annul the contract without liability.

3.21 Equal Employment Opportunity Policy

In compliance with **Act 2157 of 2005**, the Office of State Procurement is required to have a copy of the vendor's Equal Employment Opportunity (EEO) Policy prior to issuing a contract award to the vendor. The vendor may submit its EEO policy as a hard copy accompanying vendor's response to this solicitation or in electronic format to the Office of State Procurement at the following e-mail address: eeopolicy.osp@dfa.state.ar.us. The Office of State Procurement will maintain a file of all vendor EO policies submitted in response to solicitations issued by this office. The submission is a one time requirement but vendors are responsible for providing updates or changes to their respective policies and of supplying EO policies upon request to other state agencies that must also comply with this statute. Vendors that do not have an established EO policy will not be prohibited from receiving a contract award, but are required to submit a written statement to that effect.

3.22 Oral Presentations

After the evaluation committee has initially scored the proposals, all candidates will be required to give a 30-minute oral presentation for the committee on the date(s) listed in **Section 2.1** at a yet to be designated place in Little Rock, Arkansas.

SECTION 5

EVALUATION AND CONTRACTOR SELECTION

5.1 Proposal Evaluation Process

The proposals will be evaluated in several phases.

5.1.1 Evaluation of Mandatory Requirements

Following the public opening of proposals, the Issuing Officer shall begin the evaluation process by examining the proposal to determine if mandatory requirements of the RFP have been agreed to, or met as set forth in **Section 4.4**. The purpose of this first phase is to determine whether each proposal has met the response submission requirements, conforms to the rules of the procurement and is sufficiently responsive to permit a further evaluation. In this phase, each proposal shall be evaluated as either “pass” or “fail”. Only those proposals which pass the first phase shall be forwarded for the second phase of evaluation.

Any response that fails to meet the mandatory requirements shall be deemed non-responsive and shall be rejected without further review or evaluation. The ADH reserves the right to reject any and all proposals.

5.1.2 Evaluation of the Technical Proposals

The second phase is an evaluation of the Technical Proposals. The ADH shall appoint an evaluation team of highly qualified members to evaluate the merit of the proposals. Each team member shall use the approved evaluation tools and forms to review each technical proposal and arrive at a technical score. Points will be awarded on a comparative evaluation as indicated below. The ADH reserves the right to request clarifications during the second phase.

During the course of the second phase, the evaluation team may conduct corporate and personnel reference checks to verify project experience and qualifications.

5.1.3 Evaluation of Oral Presentations

The third phase of the evaluation process will be the oral presentations. Each response that meets the mandatory minimum requirements for acceptance will be reviewed by the agency evaluation committee and awarded points based upon the merits of the proposal. From the vendors who submitted qualifying proposals, they each will be given a minimum of one week's notice. Respondents shall be prepared to appear in Little Rock, AR at a location designated by ADH on a date to be announced to make a 30-minute oral presentation to the evaluation team. A detailed outline of the material to be covered in the presentation must be submitted by the provider to the issuing officer and approved by the committee in advance of the presentation. Presentations must adhere closely to the pre-approved outline as established by the evaluation committee and will be required to stay within the time limit specified. Each presentation will be evaluated based upon the following criteria:

Creativity

Does the concept presented by the provider indicate a clear understanding of the agencies needs? Are the ideas original and does the overall campaign meet the agency's expectations?

Adherence to Outline

Did the presentation stay on target and deal effectively with all of the agenda items? Did the presentation include items that were not originally provided for in the outline?

Time

Did the presentation stay within the time allotted?

The ADH shall forward to respondents before their presentation any specific questions the evaluation team members have about their proposal. The respondent shall respond to these questions prior to the oral presentation.

The person designated in the proposal to become the Project/Account manager shall make the oral presentation. Other proposed project staff or corporate representatives may attend and provide limited input, but the ADH requires the bulk of the presentation from the proposed Project/Account Manager.

Respondents may make product demonstrations during their oral presentations only if the product is integral to their proposal.

The ADH will not provide any type of equipment for the presentations. Respondents shall provide any equipment needed for their presentations.

As oral presentations are time-limited, the respondent shall use the time wisely to answer questions and present only information pertinent to the proposal. The ADH is not interested in, and will not permit, corporate marketing presentations.

5.1.4 Ranking Proposals

In the fourth phase, the proposals are ranked from highest to lowest according to total points.

Once the proposals are ranked, the evaluation team will recommend the top ranked proposer to the Issuing Officer, who shall present to the advisory boards for final review and approval. Pending available funds and a successful negotiation, a contract will be awarded pending review by the state legislative committee.

5.2 Point Assignment

All criteria to be considered in the evaluation of proposals are itemized below under “Criteria”. The maximum points possible for each criterion are indicated in the column entitled “POSSIBLE POINTS”.

CRITERIA	POSSIBLE POINTS
Creativity	25
Integration of Program Components	20
Project Organization, Staffing and Plan for Project Management	10
Respondent's Background, Experience and Qualifications	10
Approach to Scope of Work	20
SUBTOTAL POINTS FOR TECHNICAL	85
Respondent's points awarded for Oral Presentation	15
Total Possible Points	100

5.3 Contract Award Process

After complete evaluation of the bid or proposal, the anticipated award will be posted on the Office of State Procurement website (<http://www.arkansas.gov/dfa/procurement/bids/index.php>). The purpose of the posting is to establish a specific time in which vendors and agencies are aware of the anticipated award. The bid results will be posted for a period of fourteen (14) days prior to the issuance of any award. **Vendors and agencies are cautioned that these are preliminary results only, and no official award will be issued prior to the end of the fourteen (14TH) day posting period. Accordingly, any reliance on these preliminary results is at the agency's/vendor's own risk**

The contract will be awarded to the respondent that provides the most effective solution(s).

The format for the professional services contract, as prescribed by Arkansas law, can be found in **Attachment C**.

5.4 Contract Negotiations

After recommendation of a selected Offeror(s) by appropriate officials of the State, contract negotiations may commence. The contract will be based on the required clauses in the RFP, clauses by the Offeror that are acceptable to the State and additionally, on any clauses agreed upon by all parties to be incorporated into the contract. Offeror(s) selected to participate in negotiation will be given an opportunity to submit a best and final offer to the committee. Prior to a specified cut-off time for best and final offers, vendor may submit revisions to their technical and business, and cost proposals. Meeting before the committee is not subject to the Arkansas Freedom of Information Act. All information received prior to the cut-off time will be considered part of the Offeror's best and final offer.

If at any time contract negotiations are judged ineffective by the State Procurement Director or designee, negotiators will cease all activities with the Offeror and begin contract negotiations with the next highest ranked Offeror or Offeror the Director determines to be in the State's best interest. This process may continue until both the Offeror and the State of Arkansas (Office of State Procurement) execute a completed contract or OSP determines that no acceptable alternative proposal exists.

ATTACHMENT A

Except upon the approval of the ADH, the terms and conditions set out in this section are non-negotiable items and will be transferred to the contract as written. The ADH has determined that any attempt by any vendor to reserve the right to alter or amend the terms and conditions via negotiation, without the approval of ADH, is an exception to the terms and conditions that will result in rejection of the proposal. A statement accepting and agreeing to the terms and conditions set out in this section, or to alternate terms and conditions upon approval by ADH, is required to be submitted with the respondent's proposal. Failure to provide this statement will result in rejection of the proposal.

Contract Variations

If any provision of the Contract (including items incorporated by reference) is declared or found to be illegal, unenforceable, or void, then both the Department and the Contractor shall be relieved of all obligations arising under such provision. If the remainder of the Contract is capable of performance, it shall not be affected by such declaration or finding and shall be fully performed.

Attorney's Fees

In the event that either party to this Contract deems it necessary to take legal action to enforce any provision of the contract, and the Department prevails, the Contractor agrees to pay all expenses of such action, including attorney's fees and costs at all stages of litigation as set by the court or hearing officer. Legal action shall include administrative proceedings.

Liability

In the event of non-performance of a contractual obligation by the Contractor or his agents which results in the determination by Federal authorities of noncompliance with Federal regulations and standards, the Contractor will be liable to the Department in full for all penalties, sanctions and disallowances assessed against the Department.

Records Retention

The Contractor agrees to retain all records for five (5) years after final payment is made under this Contract or any related subcontract. In the event any audit, litigation or other action involving these records is initiated before the end of the five (5) year period, the Contractor agrees to retain these records until all issues arising out of the action are resolved or until the end of the five (5) year period, whichever is later. The Contractor agrees to retain all protected health information as defined by the Privacy Rule promulgated pursuant to HIPAA for six (6) years or as otherwise required by HIPAA.

Access to Contractor's Records

Ownership of Documentation

All documents and deliverables prepared by the Contractor and accepted by the Department shall become the property of the Department and shall not be used for any other purpose by the Contractor without the Department's specific written consent.

Disclosure

The failure of any person or entity to disclose as required under any term of Executive Order 98-04, or the violation of any rule, regulation or policy promulgated by the State Department of Finance and Administration pursuant to this Order, shall be considered a material breach of the terms of the contract, lease, purchase agreement, or grant and shall subject the party failing to disclose or in violation to all legal remedies available to the Department under the provisions of existing law.

Set-Off

The parties agree that the Department, in its sole discretion, shall have the right to set-off any money Contractor owes the Department from the Department's payment to Contractor under this contract.

State and Federal Laws

Performance of this contract by both parties must comply with State and federal laws and regulations. If any statute or regulation is enacted which requires a change in this contract or any attachment, then both parties will deem this contract and any attachment to be automatically amended to comply with the newly enacted statute or regulation as of its effective date.

Accessibility Act 1227 of 1999

The Contractor expressly acknowledges that state funds may not be expended in connection with the purchase of information technology unless that system meets certain statutory requirements, in accordance with State of Arkansas technology policy standards, relating to accessibility by persons with visual impairments.

Accordingly, the Contractor represents and warrants to the Arkansas Department of Health (ADH) that the technology provided to ADH for purchase is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of: (1) providing equivalent access for effective use by both visual and nonvisual means; (2) presenting information, including prompts used for interactive communications, in formats intended for nonvisual use; and (3) after being made accessible, it can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired.

For purposes of this paragraph, the phrase "equivalent access" means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance. If requested, the Contractor must provide a detailed plan for making the purchase accessible and/or a validation of concept demonstration.

Criminal History Check/Central Registry Check

Contractor shall comply with Arkansas Code Annotated (A.C.A.) §21-15-101 *et seq*, or any amendments thereto, which requires all employees of state agencies, in designated positions including those providing care, supervision, treatment or any other services to the elderly, mentally ill or developmentally disabled persons, to individuals with mental illnesses or to children who reside in any state-operated facility or a position in which the applicant or employee will have direct contact with a child, to have a criminal history check and a central registry check. Should an applicant or employee be found to have been convicted of a crime listed in A.C.A. §21-15-101 *et seq*, that employee shall be prohibited from providing services in a designated position as defined by Arkansas law or being present at the facility.

Prohibition Against Contingent Fees

It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business.

Compliance with Department Policy Issuances

The Contractor agrees to deliver the services authorized by this contract or any attachment in accordance with all policies, manuals and other official issuances of the State of Arkansas and Department promulgated through the Administrative Procedures Act.

Relinquishment

The failure of the Department to insist upon the performance of any of the conditions in any one or more instances shall not be construed as a waiver or relinquishment of the future benefit of said condition.

The parties further agree that this Contract is the complete and exclusive statement of the agreement of the parties with respect to the subject matter hereof and that it supersedes all prior proposals, representations, arrangements, understandings, and agreements, whether oral or written, between the parties with respect to the subject matter hereof.
