If bidding on other than referenced specifications, the bid must show the manufacturer, brand or trade name, and other descriptions, and should include the manufacturer's illustrations and complete descriptions of the product offered. The State reserves the right to determine whether a substitute offered is equivalent to and meets the standards of the item specified, and the State may require the bidder to supply additional descriptive material. The bidder guarantees that the product offered will meet or exceed specifications identified in this IFB. If the bidder takes no exception to specifications or reference data in this bid he will be required to furnish the product according to brand names, numbers, etc., as specified in the IFB.
2. **GUARANTY:** All items bid shall be newly manufactured, in first-class condition, latest model and design, including, where applicable, containers suitable for shipment and storage, unless otherwise indicated in the IFB. In the event products tested fail to meet or exceed all conditions and requirements of the specifications, the cost of the sample used and the reasonable cost of the testing shall be borne by the bidder.
5. **DELIVERY ON FIRM CONTRACTS:** The IFB will show the number of days to place a commodity in the designated location under normal conditions. If the bidder cannot meet the stated delivery, alternate delivery schedules may become a factor in an award. DHS has the right to extend delivery if reasons appear valid. If the date is not acceptable, the agency may buy elsewhere and any additional cost will be borne by the vendor.
6. **DELIVERY REQUIREMENTS:** No substitutions or cancellations are permitted without written approval of DHS. Delivery shall be made during agency work hours only 8:00 a.m. to 4:30 p.m. Central Time, unless prior approval for other delivery has been obtained from DHS. The Contractor must give written notice to DHS of the reason and the expected delivery date. Consistent failure to meet delivery without a valid reason may cause removal from the bidders list or suspension of eligibility for award.

Contractual Terms and Conditions

1. **INSPECTION OF WORK PERFORMED:** The State of Arkansas and its authorized representatives shall, at all reasonable times, have the right to enter the Contractor's work areas to inspect, monitor, or otherwise evaluate the quality, appropriateness, and timeliness of work, services, or both, that have been or are being performed.

9. **CONTRACTOR:** It is expressly agreed that the Contractor, officers, and employees of the Contractor or subcontractor in the performance of this contract shall act in an independent capacity and not as officers or employees of the State. It is further expressly agreed that the State shall exercise no managerial responsibility over the Contractor nor shall this contract be construed as a partnership or joint venture between the Contractor or any subcontractor and the State or the State of Arkansas. The Contractor hereby represents and warrants to the State that as of the execution date of this contract:

14. **INDEMNIFICATION:** Except as otherwise required by law, the Contractor agrees to indemnify, defend, and save harmless the State, its officers, agents and employees from any and all damages, losses, claims, liabilities and related costs, expenses, including reasonable attorney's fees and disbursements awarded against or incurred by the State arising out of or as a result of:

15. **WAIVER:** No covenant, condition, duty, obligation, or undertaking contained in or made a part of the contract will be waived except by the written agreement of the parties, and forbearance or indulgence in any other form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the party to which the same may apply; and until complete performance or satisfaction of all such covenants, conditions, duties, obligations, and undertakings, any other party shall have the right to invoke any remedy available under law or equity, notwithstanding any such forbearance or indulgence. 19. **STATE AND FEDERAL LAWS:** Performance of this contract by both parties must comply with State and Federal laws and regulations. 20. **ACCESSIBILITY ACT 1227 OF 1999:** The Contractor expressly acknowledges that state funds may not be expended in connection with the purchase of information technology unless that system meets certain statutory requirements, in accordance with State of Arkansas technology policy standards, relating to accessibility by persons with visual impairments. Accordingly, the Contractor represents and warrants to the State that the technology provided to the State for purchase is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of: (1) providing equivalent access for effective use by both visual and non-visual means; (2) presenting information, including prompts used for interactive communications, in formats intended for non-visual use; and (3) after being made accessible, it can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired.

For purposes of this paragraph, the phrase "equivalent access" means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance.
