Vendor's questions and the State's responses.

1. Can you tell me a little about the space these recliners are going in if that is possible? Will it be a high traffic area as I see the recliners specified only have a 5 year limited warranty. I have many options for commercial recliners with a lifetime warranty, did you all want a home recliner for a specific reason?

(R)These will be placed in living areas that are high traffic located in front of our nursing stations. Any type recliner will work as long as we can see one prior to the ordering of the chairs. Fabric is the most important thing.
