

ARKANSAS HIGHER EDUCATION CONSORTIUM BENEFITS TRUST  
SCHEDULE OF BENEFITS  
BASIC Plan - Effective 7/1/2017

For both In-Network and Out-of-Network Benefits, some services may require pre-authorization by QualChoice. For details and to access the most current listing of services requiring pre-authorization, visit [www.qualchoice.com](http://www.qualchoice.com).

All benefit payments are subject to the Maximum Allowable Charge. Use of an Out-of-Network provider may result in you being balanced billed and having higher out-of-pocket costs. Amounts in excess of the Maximum Allowable Charge do not count toward Deductible or Coinsurance limits.

**Note:** Calendar Year maximums listed are combined between In-Network and Out-of-Network. For example, if “30 Visits per Calendar Year” are listed under both In-Network and Out-of-Network Providers, you are only allowed a combined maximum of 30 visits.

**Note:** There are two (2) separate deductible and out-of-pocket maximums that must be met for In-Network and Out-of-Network providers. Once two (2) family members have met their deductible and out-of-pocket maximums, then they will be considered satisfied for the remaining family members on the plan for that calendar year.

### Limitations

- All new prescriptions are limited to a 30 day supply.
- Refills are limited to a 90 day supply at certain contracted pharmacies and through retail or mail order.

### Step Therapy

Certain medications may be required to be used before another medication is covered. Step Therapy is the process of beginning drug therapy for a medical condition with the most cost-effective and safest drug therapy, and progressing to other and more costly therapy if the first line medication fails.

Examples of step therapy drugs under this plan include anti-hypertensive and Attention Deficit Disorder (ADD) medications. Contact Customer Service at 1-800-235-7111 for more details.

### Benefit Details

- Benefits are subject to all benefit terms, conditions, limitation and exclusions.
- Benefits are provided for formulary prescription drugs when prescribed by a physician or by a licensed healthcare provider within the scope of their license.
- Benefits are available through a network pharmacy, a network mail order pharmacy or an out of network pharmacy, provided that the drug is a Covered Prescription Drug.
