INTRODUCTION

Welcome to the State of Arkansas Purchasing Card, (P-Card), Program. The Office of State Procurement (OSP) has developed this program to help state agencies better manage low-dollar supply purchases and bring many benefits to you, the State of Arkansas, and our vendors. The P-Card will facilitate the acquisition of low dollar goods and services needed for conducting official government business. P-Cards will be issued to select employees to enhance the effectiveness or economy of operations. Liability for payment, total responsibility and accountability for the P-Card transactions resides at the agency level. **Personal purchases are forbidden and may result in disciplinary action.**

State agencies, as a condition of participation in the P-Card program, shall abide by the terms of the guidelines established by the Office of State Procurement and US Bank. No policy and guideline statement can cover all eventualities. Exceptional cases will be resolved as circumstances and prudent business practices warrant on a case-by-case basis.

The success of the Arkansas Purchasing Card Program and its continuing use depends on your participation and cooperation. Please be sure to read and follow the program guidelines as specified within this document.

1. WHAT IS THE PURCHASING CARD (P-CARD)?

The State of Arkansas has implemented the Arkansas Purchasing Card Program with US Bank VISA to simplify, streamline, and facilitate the purchase and payment process. The P-Card is a fast, flexible purchasing tool offering an enhancement to the existing purchasing processes and provides an extremely efficient and effective method for purchasing and paying for supplies with a total maximum per cycle limit that will be determined on an individual basis. The default limit per individual cardholder is \$2,000.00 per billing cycle. **The P-Card is to be used only for official business purchases for the State of Arkansas.**

The issuance of a P-Card to you represents the trust bestowed upon you by the State to protect its assets and integrity. Under your oversight, review and approval, you provide the key point of control to maintain appropriate spending activities to protect your agency funds.

The P-Card will be issued in the **individual cardholders name** with the wording “Arkansas”, “For Official Use Only”, and the agency name under the Cardholder’s name.

2. THE P-CARD PROGRAM BENEFITS

Cardholders - You will be able to obtain various supplies and some services directly from vendors without using a purchase order. This streamlines the purchasing process and can help improve turnaround time on receipt of your order. It significantly reduces the workload and processing costs related to the purchase and payment of supplies. In addition, it expands your purchasing options by utilizing many businesses that would not accept a purchase order but would take a VISA credit card.

State Agencies - The P-Card program provides a cost-efficient, alternative method for purchasing low-dollar goods. Built-in card features make the program easy to manage and lowers processing costs at all levels by reducing the number of requisitions, purchase orders, invoices and warrants.

Vendors – Most vendors who accept VISA will welcome the P-Card. When the vendors accept the card for a purchase, they will not send invoices to your agency and should receive payment from VISA within 72 hours.

3. ALLOWABLE and NON-ALLOWABLE CHARGES

Many items may be charged with the State P-Card. Some examples of allowable items/goods purchased with the P-Card are books, general office supplies, lab supplies, postage, subscriptions, UPS, FedEx, and many more that are not currently on a mandatory State Contract. **In most circumstances, the Cardholder may purchase goods for official business purposes for the State of Arkansas EXCEPT:**

1. Any non-allowable transaction to the card that could result in disciplinary action
2. Alcoholic beverages of any kind
3. Cash advances
4. Personal type purchases of any kind, items or services (gift certificates, food, cards such as get-well, birthday, etc., flowers, etc.)
5. Printing subject to Amendment 54 to the Arkansas Constitution and Arkansas State Procurement Laws
6. Travel expenses or travel related expenses unless authorized
7. Vehicle rentals unless approval has been granted by Credit Card Manager
8. Any items listed on mandatory agency or state contracts without vendor approval.
*The item **may be paid** for using the purchasing card if the contract (see **OSP website**) allows the payment of items with the P-Card or prior approval from the contractor is received.*
9. Split purchase or any other form of incremental purchasing
10. Any purchase that would involve a trade-in

NOTE: It is recommended that equipment or other items, both high and low value according to AASIS standards, which should be included on an agency inventory listing be purchased using the traditional PO method to allow for the proper tracking of the asset shell and number in AASIS.

4. HOW TO OBTAIN A PURCHASING CARD

Before a card can be issued to a state employee, the state agency must have a managing account set up with US Bank. This is done by sending the following information to the State OSP Credit Card Manager for the set up.

- Complete agency name, mailing address, agency contact name, phone number, and email.

Once set up, the Credit Card Coordinator will contact the agency contact and establish a liaison for the agency, send applications if necessary, and answer any questions at that time. Also, the PCC is able to set up cardholders with accounts. This is how that is done.

- Applicant must be an employee of the state (full or part).
- Agency Head or Fiscal Officer or Agency Designee must approve applicant's request for a P-Card.

- Employee must submit a Purchasing card application to their Agency Liaison. All information must be completed, and the form must contain all authorizing signatures and then mail/messenger original application to the Office of State Procurement, P-Card Section, 1509 West Seventh Street, 3rd Floor, Little Rock, AR 72201
- Employee must attend a training session, sign a cardholder agreement form, and present a picture ID before a P-Card is issued.

5. PURCHASING CARD ACTIVATION

Before purchasing with the P-Card, it must be activated. It is recommended the activation be done in a secure location to protect the security and integrity of the P-card.

If you have problems activating your card, please contact your Agency Liaison or the Credit Card Coordinator at (501) 324-9316.

6. MAKING A PURCHASE

When making a P-Card purchase, the Cardholder shall check as many sources as reasonable to assure the best price, quality, service and delivery is in the best interest of the agency. There are several methods of procuring with the P-Card.

- **In Person (Point of Sale)** – The Cardholder takes the P-Card to the merchant and verifies the merchant accepts the VISA card. The Cardholder shall retain all P-Card transaction documentation and provide this to proper agency personnel for backup and comparison to the US Bank transaction information and/or P-Card Transaction Log.
- **Phone Orders** – The Cardholder may telephone an order to a supplier. The supplier shall request the Cardholder's P-Card number and expiration date. For security reasons, ensure others do not overhear or view this information. The Cardholder shall ensure the supplier includes a P-Card authorization slip, cash register tape or paid invoice with the delivery of the order. The Cardholder shall retain all transaction documentation for backup.
- **Internet Orders** – Cardholders may use electronic mail to submit an order to a supplier. However, before engaging in an internet purchase, be familiar with the procedures the vendors use to handle P-Card transactions. For instance, some sites dictate you be registered in their system before making a purchase. Once the Cardholder has completed the transaction, he/she shall ensure the supplier includes a cash register tape, paid invoice, other documentation with the purchase information on it, and/or a delivery slip with the order. If the supplier intends to mail the P-Card transaction documentation as a separate item, the Cardholder shall ensure this documentation is sent to the agency's official address. The Cardholder shall retain all transaction documentation.
Remember, internet orders may be subject to Use Tax.

- The account number will link cardholders to their agency.
- Employees completing the P-Card application must circle any of the AASIS roles on the application if they have access to one or more. Misuse of the card will subject the Cardholder to disciplinary action in accordance with this policy and US Bank/VISA policies and procedures relating to disciplinary action and/or termination for cause. **Cardholders must activate their own card upon receiving it.**

The Cardholder must:

- Ensure the P-Card is used only for legitimate business purposes.

- Not allow other individuals to use the P-Card.
- Obtain all appropriate documentation (sales slips, register receipts, and/or P-Cards slips)

- Reconcile all accounts under Reviewers responsibility on a weekly basis

11. LIAISON RESPONSIBILITIES

Each Agency Head or Fiscal Officer must designate an Agency Liaison(s). **An Agency Liaison should not be a cardholder due to security role issues in AASIS.** Responsibilities include but are not limited to,

- Handling purchasing card applications
- Responding to inquiries regarding internal policies and procedures
- When necessary the **liaison will be responsible for reviewing transactions** of individual cardholders to make sure the transactions are classified as an appropriate expense

- Request the Credit Card Coordinator cancel a Cardholder's card e.g. (terminated employees, loss of purchasing card privileges).
- Destroy and dispose cancelled cards from Cardholders according to directions of the Credit Card Coordinator.

12. CARDHOLDER LIABILITY

The P-Card is a commercial purchasing VISA card, which will not affect the Cardholder's personal credit. **The agency is liable** for all charges made on the P-Card. This includes transactions made on a lost or stolen card before it is reported lost or stolen. However, it is the Cardholder's responsibility to ensure that the card is used within stated guidelines of the Purchasing Card Cardholder Manual as well as other appropriate policy manuals. Failure to comply with program guidelines may result in revocation of the card, notification of the situation to management, and further disciplinary measures that may include termination of employment. **The ultimate responsibility for use/misuse of the P-Card rests with the cardholder.**

The US Bank/VISA Liability Waiver Program requires the State of Arkansas to initiate termination proceedings as soon as documented evidence of Cardholder fraudulent activity surfaces. The Agency Liaison and/or the Credit Card Manager or Coordinator shall notify US Bank to cancel the Cardholder's card within two (2) days of the documentation and verification of Cardholder misuse. Furthermore, specific forms, supplied by US Bank/VISA, must be completed

and filed with US Bank/VISA by the Agency Liaison when fraud has occurred. These forms and instructions are available from the bank (reference VISA Liability Waiver Program).

13. CARDHOLDER ACCOUNT CLOSURE

A cardholder account should be closed if he/she performs any unapproved action or is no longer authorized to perform purchasing duties for his/her agency. To accomplish this, the Liaison will: 1) keep in contact with agency human resources so Liaisons will be informed of employment termination by cardholders, and 2) **the agency will be required to notify the Credit Card Manager and Coordinator at OSP of account closures**. The following are the most common reasons for an account closure.

1. Cardholder moves to a new job with the state
2. Cardholder terminates State employment or affiliation with the state if cardholder is a non-employee as defined in section 7 of this manual
3. Use of the P-Card for any of the following reasons:
 - a. Personal or unauthorized purposes. **Note: Use of the card for personal and/or unauthorized purposes could be interpreted as fraud.**
 - b. Any attempt or actual purchase, utilizing the P-Card, of alcoholic beverages or any substance, material, or service, which violates policy, law or regulation pertaining to the State of Arkansas.
 - c. The Cardholder allows the card to be used by another individual.
 - d. The Cardholder splits a purchase to circumvent the limitations of the Arkansas Procurement Laws.
 - e. The Cardholder uses another Cardholder's card to circumvent the purchase limit assigned to either Cardholder or the limitations of the Arkansas Procurement Law.
 - f. The Cardholder fails to provide, when requested, information about any specific purchase. Failure to abide by these rules will subject the employee to disciplinary action in accordance with the State of Arkansas Purchasing Card Program policies and procedures as they relate to misuse of the card.

14. DOCUMENTATION OF EXPENDITURES

The Cardholder must provide valid documentation of each transaction once a month to the Agency Liaison/Reviewer by attaching to the transaction report. The Agency Liaison/Reviewer or a designated person must review all documentation submitted and determine if valid and complete documentation is on file for every transaction listed on each Cardholder's statement. All documentation for each transaction is to be maintained until authorized for disposal by the Legislative Auditor (as required by Arkansas Code Annotated: §19-14-1108).

1. Valid source documentation may be:
 - a. A receipt and/or transaction slip from the merchant.
 - b. An order form.
 - c. An invoice showing credit card payment.
 - d. A packing slip from the delivery annotated by the Cardholder as ordered by, received by, paid by and signature of the Cardholder.
2. All documentation must include the following minimum information

(Cardholder must hand write it if not originally printed on the form):

- a. Vendor name
- b. Date of the purchase
- c. Description and quantity of each item purchased
- d. Per item cost, if available from the merchant
- e. Total cost of the transaction
- f. Cardholder name and card number

15. LOST, MISPLACED OR STOLEN PURCHASING CARDS

Cardholders are required to report any lost or stolen P-Card(s) immediately to US Bank at **1-800-344-5696**. (24 hours a day, 365 days a year).

16. TAXES – SALES and USE

As a rule, the purchase of tangible property is taxable. If the merchant charges the proper tax on the P-Card transaction then normally no other action will be required. If no taxes were charged, the agency must prepare a payment of “use” tax to the State of Arkansas. Use Tax is a tax on tangible personal property purchased out-of-state and brought into Arkansas for use, storage, consumption, or distribution. The tax is designed to assure fair competition between Arkansas businesses and out-of-state businesses. It is very important that when entering your transaction on the P-Card Transaction Report you indicate if sales tax was paid. Very few items are non-taxable. Examples of some non-taxable items are:

- Membership dues
- Freight, if billed as a separate item
- Subscriptions
- Periodicals
- Items that are tax exempt by law

Examples of items subject to Use Tax include CD’s, books, furniture, clothing, food, hunting and fishing gear, etc. These are only a few examples. All tangible personal property purchased out of state is subject to the Use Tax.

For other questions on sales and use tax, contact the Sales and Use Tax Section’s Taxpayer Services Group at (501) 682-7104.

17. SPENDING CONTROLS

The default maximum credit limit per cardholder is **\$2,000.00 per billing cycle**. The Credit Card Manager or Coordinator at the Office of State Procurement will adjust limits as determined by demonstrated and/or special need.

For limits above the default of \$2,000, the following approvals are needed before the limits can be granted. This can be in the form of an email or hardcopy.

- **\$2,001 - \$10,000 – Agency designated Liaison**
- **\$10,001 - \$24,999 – CFO of agency or Board Chairman**
- **\$25,000 and above – Agency Director or Executive Director of Board/Commission**

In addition, state agencies and participating entities in the State P-Card Program will be notified of limits above the default level and will be asked to approve these on an annual basis.

18. REBATES, REFUNDS, REWARDS, ETC.

Any manufacturer rebates received by the Cardholder as results of a P-Card transaction shall be credited to the P-Card and documentation reflecting the transaction shall be attached to the P-Card Transaction Log to support such credit.

The Cardholder is not to use any rewards cards to accrue points or coupons from state purchases. Any rebates, coupons, rewards, gifts, points, frequent flyer miles, cash cards, etc. must accrue to the state entity and utilized only for official State related business. No personal gain by making purchases with the State Purchasing Card is permitted. Misuse of this section could result in disciplinary action.

19. CARD DECLINES

Should a vendor decline the P-Card; the Cardholder should immediately contact the Agency Liaison for assistance. If a purchase is attempted outside normal business hours, the employee must find an alternate payment method or terminate the purchase and contact the Agency Liaison during normal business hours. The Liaison will then contact OSP P-Card personnel to resolve the issue.

20. EMERGENCY TRANSACTIONS (ER)

Emergency transactions above OSP spending limits may not be performed with the Purchasing Card due to state procurement regulations for emergency (EM) procurements unless the P-Card section is notified. **Exceptions may be made for natural or man-made disasters on an “as needed” basis.** The proper authority will notify the State Procurement Director if a disaster in the state has been declared. The State Procurement Director and the Credit Card Manager will initiate an Emergency Purchasing Card Program. With the assistance of the proper agencies, the Credit Card Manager and Coordinator will decide which P-Card spending limits will be upgraded and what MCC blocking needs to be revised. The Credit Card Manager/Coordinator will notify US Bank as to its requested action(s). The agencies and the Credit Card Manager/Coordinator will record and maintain all records documenting purchases during the declared disaster.

21. REFUNDS AND CREDITS

Vendors will issue all refunds and credits to the individual P-Card account for any item they have agreed to accept for return. This credit will appear on a subsequent statement. **Under no circumstances should a Cardholder accept cash or a gift card in lieu of a refund or credit to the P-Card account.**

22. UNRESOLVED DISPUTES AND BILLING ERRORS

The Cardholder is responsible for contacting the vendor to resolve any disputed charges or billing errors. If the matter is not resolved with the vendor, the Agency Liaison/Reviewer should contact the Credit Card Manager/Coordinator for assistance.

Note: The total amount billed by US Bank will be charged to the individual agency accounts and credits for disputed transactions will be posted to agency accounts when the credit appears on the US Bank billing. In addition, there is a dispute form online at US Bank for the Cardholder to complete.

23. SECURITY AND STORAGE

Purchasing Cards (P-Card) - Cardholders should always treat the P-Card with at least the same level of care as one does with their own personal credit cards. The card should be maintained in a secure location and the card account number should be carefully guarded. The only person entitled to use the card is the person whose name appears on the face of the card.

24. VENDOR SET UP

If a frequently used vendor does not accept the VISA card, the agency should recruit the vendor to take the necessary steps to begin acceptance of the card and provide this information to US Bank. Cardholders should contact the Agency Liaison or Credit Card Coordinator when encountering vendors who do not accept the card.

25. MERCHANT CATEGORY CODE BLOCKING

Transactions will be blocked at the point-of-sale level (in person, phone, or internet) at the types of vendors on the Blocked Merchant Category Code List. All vendors are assigned a Merchant Category Code (MCC) by their bank. Attempting to buy from merchants that are not included in the specifications will cause your transaction to be denied. Occasionally, a bank may have wrongly assigned a vendor's MCC. If you run into a situation where your transaction is rejected for an appropriate purchase, have your coordinator ask the vendor to check on updating the MCC.

To get a MCC unblocked on a card, the cardholder must do the following.

- Notify the Agency Liaison/Reviewer/Designee of the card decline.
- Agency Liaison /Reviewer/ or Designee will notify Credit Card Manager and Coordinator via email of the card decline, request the MCC to be unblocked on the card and the reason it is necessary to use the vendor.
- OSP personnel will then make a request via email to US Bank for the MCC to be unblocked on the particular card and will notify requesting agency via email once the MCC has been unblocked.

26. P-CARD SET UP, MAINTENANCE AND CLOSURE

All contact with US Bank for card set up, maintenance and closure, (except for reporting lost or stolen cards, **Form D**), will be handled by the OSP Credit Card Manager or Coordinator (**Form A**). The designated **GL account code for all P-Card transactions is 5020007000** and should be listed as the default GL code on the P-Card application. The US Bank vendor number for ACH payment remittance in AASIS is **100099611**. For a paper warrant payment submission, use vendor number **100113150** in AASIS.

- Card Set Up

- Employee completes a P-Card application and submits to his/her Agency Head, Liaison, or Fiscal Officer for completion, signature, and approval.
- Agency Head/Liaison or Fiscal Officer must ensure the application is complete by reviewing fields and signing in the appropriate space.
- Approved application is to be sent to the Credit Card Coordinator.
- Credit Card Coordinator reviews application for completeness.
- Upon receipt of the P-Card from US Bank, the Credit Card Coordinator will conduct a training session with the Cardholder prior to issuing the card.
- Card Maintenance
 - Credit Card Manager/Coordinator will update the settings of the P-Card upon notification by the Agency Liaison or agency approved personnel. This includes MCC openings, credit limit adjustments, default accounting code changes, and other changes as needed. These requests are to be done in email format by Liaison or Agency Designated personnel.
- Closure
 - **Lost or Stolen Cards - Cardholder must immediately report the lost/stolen card to their Agency Liaison.** In addition, the State Credit Card Coordinator must also be notified.
 - Terminated Employees – **Agency must notify Credit Card Manager/Coordinator via emails of employee terminations for any reason.** The cardholder account will then be closed on the Access Online website by the State PCC. Agency Liaison is to secure P-Cards from terminated employees and dispose the card. In addition, the Credit Card Manager and Coordinator must be notified via email of the destruction of the p-card.

27. RECONCILIATION, APPROVAL AND ALLOCATION OF BILLING

Receipt and Payment of US Bank Billing

- US Bank will electronically make available each state agency statement the next day after the close of the billing cycle which is usually on the 15th.
- Agency Liaison will review bill for any obvious errors in charges or un-posted payments. If none noted, payment in full will be made to US Bank via AASIS.
- The payment posting will be prepared within **6 working days** after the end of the billing cycle and processed so that payment will reach US Bank no later than **10** calendar days after the close of the billing cycle of the previous month.
- Payment will be transmitted in accordance with US Bank instructions.

Reallocation of Purchasing Card Charges by Agencies

Default accounting codes will be assigned to each P-Card issued. US Bank will submit monthly an electronic billing statement to the state agency and all Purchasing Card transactions will be charged to the default account number unless adjustments are made as follows:

- **Agency Liaisons/reviewers change account codes as necessary.**
- **Agency Liaisons/reviewers will add analytical information for cost sharing, if necessary.**
- **Agency Liaisons/reviewers will identify transactions requiring payment of use tax.**
- **Agency Liaisons/reviewers will assemble and retain Cardholders statements, charge slips and receipts for audit by internal and external auditors. Receipts for purchases must be maintained until authorized by the Legislative auditor (as required by Arkansas Code Annotated: § 19-4-1108).**
- **The total amount billed by US Bank will be charged to the individual agency accounts and credits for disputed transactions will be posted to individual agency accounts when credit appears on the US Bank billing.**

28. Posting of invoices

A responsible party should make a review of P-Card purchases prior to the final posting within the agency's book of record. The default code of the P-Card purchase must be changed to the correct GL code for the item purchased before the document is ready to be posted by the Accounts Payable personnel in AASIS. All P-Card purchases must be properly accounted for prior to the last operating day of the Fiscal Year.

29. INTERNAL CONTROLS & COMPLIANCE REVIEWS

Agencies using the Arkansas Purchasing Card should put in place an internal control program to review the purchasing card transactions each month. The purchasing card internal review procedures are to verify cardholders are using the purchasing card appropriately, the cardholders and the agencies are maintaining adequate records, and the state Credit Card Coordinator knows about problems or certain trends so he may assist the cardholders and agencies with future transactions. **The Agency Purchasing Card Liaison/Reviewer or Designee will review each cardholder monthly in their specific agency.** In addition, the **State Credit Card Accountant** will select a number of random cardholders to examine for appropriateness of transactions and record keeping procedures.

The Arkansas Purchasing Card Program and its participating agencies are subject to the various state auditing programs. The reviews could encompass some or all cardholder accounts and these reviews do not require advance notice.

It is important that all agencies using the purchasing card retain accurate records of all transaction made.

30. END OF FISCAL YEAR PROCEDURES

Goods and services should be expended in the year they are received. When the P-Card is used, the supplier may hold the P-Card transaction posting for several days and it could take 3 days for the actual posting to the US Bank billing, which is the 15th of each month. Either of these events could create an accounting problem at the end of the fiscal year (June 30). To ensure that P-Card expenditures are properly recorded in the year goods and services are received, the Cardholder needs to inform the supplier that June transactions should be posted the same day the actual transaction takes place. To ensure proper recording of expenditures, the P-Card **should not be used** for purchases during the dates of June 10 – June 30 of each year.

Any purchases not paid by warrant prior to the last day of the Fiscal Year must be handled as "Y Vouchers" when paid the following Fiscal Year. Therefore, a certification must be made indicating funds and appropriations were available at year-end and current year funds and appropriation will be used to make the payment in the following Fiscal Year.
