SELLING TO COOPERATIVE PURCHASING PROGRAM PARTICIPANTS

Arkansas Procurement Law provides that local public procurement units (counties, municipalities, school districts, certain not-for-profit corporations, etc.) may participate in State Procurement contracts. The contractor therefore agrees to sell to Cooperative Purchasing Program participants at the option of the program participants. Unless otherwise stated, all standard and special terms and conditions listed within the Request for Quotation must be equally applied to such participants.

ORDERS:

All orders placed against this contract shall be in the form of a purchase order issued directly to the contractor from the ordering agency. A written purchase order received by mail or facsimile must be in the contractor's possession before shipment can be made. Walk in or verbal orders will not be accepted by the contractor.

Ordering entity should provide the name and phone number of a contact person to facilitate communication from vendor. Unit price reflects quantity for one FOB point.

MINIMUMS/MAXIMUMS:

Quantities ordered may range from 500 to 500,000 envelopes as allowed within each "Quantity Break" on all items. If the quantity is not specified within the "Quantity Break" range you must increase, decrease or send order to State Procurement for bidding. Example: Item 4 (0040) only goes to 24,000. If you need 50,000, it is not available on this contract. You can reduce to 24,000 and use this contract or you can send a Purchase Requisition to State Procurement for bidding (unless the dollar amount falls within your Printing Delegation Order limit.)

Ordering entity should provide the name and phone number of a contact person to facilitate communication from vendor. Unit price reflects quantity for one FOB point.

DELIVERY:

Inside delivery of the finished items must be made to the location specified on the ordering entity's purchase order.

Delivery of exact repeat orders with quantities of 10,000 or less black ink only shall be made within **15 working days after receipt of order.**

If an order is not an exact repeat and new composition is required an **additional 5 working days** to the above delivery will be allowed. Vendor will also be allowed an **additional 2 working days** to produce and deliver proof to the ordering agency.*

(*Vendor must provide proofs for all orders except in those instances in which camera ready copy is sent with the order or preexisting negatives are to be used. Proof is required within 7 working days after receipt of order. The time the proof is out of the vendors' hands for agency approval will not count

Envelopes requiring metal clasp, latex self seal, bleeds or special binding will be allowed an additional 10 working days of above delivery requirements.

RUSH ORDERS:

If a State agency requires delivery of an order in less than the specified time outlined in this contract, that agency must contact the contractor. They may choose one of the two options stated below:

Option 1. Waive the order from the contract, which will allow the agency to procure elsewhere. Agency to forward a *copy* of any "Rush" orders to the Office of State Procurement, Attn: Kelley Kelley.

Option 2. Accept the order and meet delivery requested. The ordering agency should obtain a written document with the agreed delivery date stated. The contractor may charge 1% of the original contract price for each working day less than the prescribed time authorized by the contract, that the delivery schedule is reduced. Rush order up charges shall not exceed twenty percent (20%) of the original contract price.

If the contractor fails to meet the "RUSH" delivery, the rush charges will not be applied. If the contractor exceeds the delivery time for a normal delivery, the contractor may be charged late charges.
