STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 3

AUTOMOBILES VANS TRUCKS AND HYBRIDS

1. **TERM OF CONTRACT:** Term of this contract shall be from October 8, 2009 through September 30, 2010 or early cut-off dates for ordering. Availability of individual line items will depend on factory order cut-off dates. Many items will have early cut-off dates starting as early as February through April of 2010. Upon mutual agreement, contract for individual items may be extended up to two (2) additional years, in one year increments, or a portion thereof in accordance with the terms of the original contract.
2. **PRICE INCREASES:** Price must stay firm for the term of contract. Price increases may be allowed in six (6) month increments if the manufacturer has a general price increase on any model on the contract. However, the price increase must be documented by a letter from the manufacturer and only that amount will be allowed. The successful vendor(s) must guarantee that the ordering agency will receive the full general price decrease or rebate amount the manufacturer offers on any vehicle(s) within this contract. Any rebate or other incentive must be divulged to OSP as soon as known.
3. **SPECIFICATIONS:** All vehicles shall be new and shall be the latest model of proven performance and in standard production by manufacturer at time of delivery. Bidder's offering must conform to the State of Arkansas Specifications referenced herein. Specifications for these vehicles are minimum and bidders may bid more than one (1) model for each type, but they must meet or exceed the minimum specifications.
4. **WARRANTY:** The supplier warrants each vehicle to be of good material and workmanship and agree to promptly replace any part or parts, when the vehicle is returned to the suppliers' place of business or a pre-approved location, which by reason of defective material or workmanship shall fail under normal use, free of negligence or accident, for a minimum period of thirty-six (36) months or 36,000 miles, whichever comes first, from the date of delivery. If such failure renders the vehicle incapable of being driven, the supplier will be responsible for having the vehicle transported to their place of business. If such failure takes place outside the suppliers service area, the supplier will be responsible for reimbursing the nearest authorized dealer for services rendered under this warranty. Tires are exempt from this warranty but must be covered by the tire manufacturer's standard warranty and services provided by the local authorized dealer of the tire manufacturer.

NOTE: THIS WARRANTY APPLIES TO POLICE PURSUIT VEHICLES STARTING WITH THE DATE THE VEHICLE IS PUT IN SERVICE, NOT DELIVERED DATE.

5. **ACKNOWLEDGEMENTS AND PAYMENTS:** Awarded vendors must send to the ordering entity an order acknowledgement within ten (10) days after receipt of order. Upon delivery of the vehicle, the vendor is required to provide original invoice, odometer statement, certificate of origin and any other documentation required to license and pay sales tax on vehicle. To ensure prompt payment, vendor must provide a copy of the invoice and the signature of agency representative on a copy of the purchase order or any other receiving document and date received to the "bill to address".

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 4

6. DELIVERY TO ARKANSAS STATE AGENCIES: F.O.B. DESTINATION

Prices must include delivery of all vehicles to the ordering agency regardless of location within the State of Arkansas. Vendor must state approximate delivery for each vehicle in the space provided. Failure to deliver the vehicle within the stated time may result in cancellation of the order of vehicle(s). If cancellation occurs, the Office of State Procurement may purchase the vehicle(s) from another source and charge the difference (if any) to the defaulting contractor.

7. CONTRACT USAGE REPORT: Awarded Vendor(s) shall provide to the Office of State Procurement a contract usage report. This report will reflect the total sales of each vehicle ordered against the contract. The report will include the item number, quantities sold, manufacturer, and model of vehicle, name of state agency or cooperative purchasing agency. This report must be sent when requested by the State.

Send report to: Office of State Procurement

STATE OF ARKANSAS AGENCY GUIDELINES

1. **ORDERING VEHICLES:** All vehicles as defined by Arkansas Code Annotated of 1987 section §22-8-206, will be ordered by the Department of Finance & Administration, Office of Administrative Services, or by Office of State Procurement for agencies classified as Service Bureau Agencies. Vehicles not covered by Arkansas Code Annotated of 1987 section §22-8-206, will be ordered by ordering agency after notifying the Office of State Procurement.
 - 1.1 Ordering – A state agency will provide the appropriate documents including asset, if required, and fund information to the Office of Information Services, who will prepare the requisition to order the vehicle(s) and forward to Office of Administrative Services. If the order is for an agency which is classified as a Service Bureau Agency, the Office of State Procurement will handle the ordering once approval from Office of Information Services has been provided.
 - 1.2 **Options** - Purchasers shall select preferred options listed in addendum and include the following information in their procurement request:
 - a. Title, number, and date of this specification.
 - b. Title and number of the addendum.
 - c. Numbers and descriptions of the options selected.
 - 1.3 **Exclusivity** - This specification shall, until revised or rescinded by the Office of State Procurement, apply to each future purchase and/or contract of those commodities described herein.
2. **ADDITIONAL OPTIONS NOT SPECIFIED:** Options cannot be added to vehicle purchases by the agency or vendor unless the option is referenced within the contract award for the specified vehicle.
3. **ONE TON VEHICLES:** Except for agencies that are exempt, it is required when agencies are ordering One (1) Ton vehicles from this contract that the original approved Vehicle Request Form (MV-6) and a copy of the agency purchase order be sent to the Office of State Procurement, Attention: Vehicle Buyer.
4. **OTHER VEHICLES:** Vehicles which do not conform to the State of Arkansas Standard Specifications and have been approved for purchase will be bid on an individual basis.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 6

COOPERATIVE PURCHASING PROGRAM PARTICIPANTS

1. **SELLING TO COOPERATIVE PURCHASING PROGRAM PARTICIPANTS**

Arkansas Procurement Law provides that local public procurement units (counties, municipalities, school districts, certain not-for-profit corporations, etc.) may participate in State Procurement contracts. The contractor(s) therefore agree(s) to sell to Cooperative Purchasing Program participants. Unless otherwise stated, all standard and special terms and conditions listed within the contract award must be equally applied to such participants.

2. **COOPERATIVE PURCHASING PROGRAM PARTICIPANTS NOTE**

In order to provide the discounted prices offered in this procurement package to both the State and the Cooperative Purchasing Program participants, the vehicle bidders must receive timely payment, payment for partial shipment on multiple vehicle orders, and have all required approvals obtained prior to order placement. All these conditions are being met by state agencies that are required to have sufficient funds and approvals before orders are placed and to make prompt payment for vehicles as received. It is incumbent upon Cooperative Purchasing Participants to have all approvals obtained and funds available to complete the purchasing transaction in a prompt manner. Most of the dealers have fifteen (15) days from the time a vehicle leaves the factory to pay the manufacturers. In order to continue to receive the fleet pricing, you must ensure prompt payment for each vehicle as it is received.

3. **DELIVERY TO ARKANSAS COOPERATIVE PURCHASING PROGRAM PARTICIPANTS: FOB DEALERSHIP**

Arkansas Cooperative Purchasing participants will have the option of picking up vehicle(s) at the dealership location or have vehicle(s) delivered to the ordering agency location **with a one-way charge per mile added to delivered vehicle(s)**.

Vendor must state approximate delivery for each vehicle. Failure to deliver the vehicle within the stated time may result in cancellation of the order of vehicle(s). If cancellation occurs, the agency may purchase the vehicle(s) from another source and charge the difference (if any) to the defaulting contractor.

4. **ADDITIONAL OPTIONS NOT SPECIFIED:** Options cannot be added to vehicle purchases by the agency or vendor unless the option is referenced within the contract award for the specified vehicle.

STATE OF ARKANSAS
DEPARTMENT OF FINANCE AND ADMINISTRATION
OFFICE OF STATE PROCUREMENT

STANDARD SPECIFICATIONS FOR AUTOMOBILES

1. SCOPE AND CLASSIFICATION:

Scope - To set forth the minimum acceptable standards in obtaining automobiles in conjunction with this specification and the requirements of this state.

Classification - Vehicles covered herein shall be of the following types and options as specified in the Contract Award.

- TYPE ABA - Four (4) Door Sub-Compact Sedan (not on contract)
- TYPE ACA - Four (4) Door Compact Sedan, see addendum 2, page 64
- TYPE ADA - Four (4) Door Mid-Size Sedan, see addendum 3, page 65
- TYPE AEA - Four (4) Door Large Sedan, see addendum 4, page 66
- TYPE SAA - Four (4) Door Compact Hatchback Sedan (not on contract)
- TYPE SBA - Four (4) Door Mid-Size Hatchback Sedan (not on contract)
- TYPE JAA - Four (4) Door Campus Security Mid-Size or Larger Sedan, see addendum 7, page 67
- TYPE KAA - Four (4) Door Mid-Size Police Sedan, see addendum 8, page 68-69
- TYPE LAA - Four (4) Door Large Police Sedan, see addendum 9, page 70-71
- TYPE MAA - Four (4) Door Mid to Large Size Police Sedan, 6-cylinder, see addendum 10, page 72-73
- TYPE MAB - Four (4) Door Mid to Large Size Police Sedan, 8-cylinder, see addendum 11, page 74-75

2. APPLICABLE DOCUMENTS:

Reference to any standard(s), specification(s), amendment(s) and/or test method(s) shall be to the current issue(s) in effect on the date of the Contract Award.

Interior volumes, vehicle size classification, and gasoline mileage shall conform to minimums shown in the latest edition of the Fuel Economy Guide published by the Environmental Protection Agency.

3. REQUIREMENTS:

All vehicles furnished to the State of Arkansas shall be new and delivered as specified in the Contract Award. Vehicles shall be furnished with all interior, exterior trim and appointments listed by the manufacturer in printed specifications and literature as standard equipment. Vehicles shall also be equipped with any and all safety equipment required by the State of Arkansas and/or applicable Federal Regulations. Any upgrades and/or additional equipment necessitated by selection of any listed option by the ordering entity shall be included in the prices bid, and no additional charge shall be made by the vendor.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 63

Warranty - From date of delivery, each vehicle shall be accompanied by a warranty for a minimum of thirty six (36) months or thirty six thousand (36,000) miles, whichever comes first. Warranty shall certify that the vehicle is of good material and workmanship and that the replacement of any part or parts that fail under normal use within the designated period, free of negligence or accident, will be promptly repaired or replaced at NO cost to the agency, institution, or other public body that purchased the vehicle.

Specific Requirements - See addenda 1 through 11 for specific requirements appropriate to each type of vehicle listed herein.

4. SAMPLING, INSPECTION AND TEST PROCEDURES:

4.1 Responsibility for Inspection - Unless otherwise specified, the successful contractor will be responsible for performing all inspections required herein. The Office of State Procurement reserves the right to make any and all inspections deemed necessary to insure compliance with this specification.

4.2 Samples - After bid results are tabulated, the Office of State Procurement reserves the right to require samples of selected vehicles be made available for inspection and evaluation as required in the IFB.

5. PREPARATION FOR DELIVERY:

Each vehicle shall be completely serviced, cleaned, and thoroughly inspected by the successful contractor just prior to delivery to the purchasing entity. No dealer advertisement shall be on any vehicle purchased by the State of Arkansas.

PREDELIVERY REQUIREMENTS:

- a. Complete lubrication.
- b. Fill crankcase with oil.
- c. Adjustment of engine to proper operating conditions.
- d. Inflate tires to proper pressure.
- e. Careful check to assure perfect operation of all mechanical features.
- f. Front end alignment and wheels balanced.
- g. Cleaning of vehicle, if necessary, and removal of all unnecessary tags, stickers, papers, etc. Window price sticker shall not be removed.
- h. No dealer's insignia shall be affixed to vehicle.
- i. A minimum five gallons of fuel in each vehicle.
- j. Delivery shall be during normal working hours, 8 A.M. to 4 P.M., Monday through Friday.
- k. License plate holders installed, front and rear.

- k. Electric Controlled Door Locks: **Operable from the front only; inoperable from the rear.**
- l. Engine: suitable for police pursuit work and capable of accelerating from 0 to 60 mph in a maximum of 14.5 seconds with a minimum top Speed of 105 mph as shown in the latest Michigan Police Vehicle Test. Engine shall be 210 h.p. or larger equipped with dual exhaust (or single if large enough for proper elimination of pressure) and factory installed engine oil cooler.
- m. Floor Mats: cloth, individual front and rear, color to coincide with interior
- n. Glove Box Light.
- o. Heater: integral fresh air heater and defroster.
- p. Horns, dual.
- q. Inside Hood Latch Control.
- r. License Plate Brackets: front and rear.
- s. Lights, Warning: oil pressure and coolant temperature.
- t. Locks, Door: single key locking system for each car with three keys per vehicle.
- u. Mirrors: rear-view with remote control, both sides. Non-glare, day-night inside.
- v. Operator's Manual.
- w. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by the ordering entity.
- x. Police Package: including all features listed in manufacturer's printed specifications and literature part of police equipment package.
- y. Power Windows and Door Locks: factory installed. **Operable from the front only; inoperable from the rear.**
- z. Power Steering: firm feel power assisted steering gear with linkage & external oil cooler.

ADDENDUM 9: TYPE LAA: Four (4) Door Large Police Pursuit Sedan, (Ford Crown Victoria no substitutes)

- aa. Protective Body Side Molding: **factory installed**
- bb. Quiet sound group (special noise deadening insulation).
- cc. Radio: factory installed in dash AM/FM.
- dd. Radio Suppression: radio frequency interference suppression measures and devices should be incorporated into the vehicle so that generated interference does not exceed the limits established in SAE standard J55, entitled "Measurement of Vehicle Radio Interference" (30 to 40 megacycles).
- ee. Rear Window Defrost.
- ff. Remote deck lid release, control on driver's side.
- gg. Seats: **Front; cloth bucket, Rear; vinyl bench. Police-duty.**
- hh. Speedometer: 0 to 120 mph, certified calibrated within two (2) mph. Allowable instrument error to be \pm one (1) mph at all Speeds between 10 and 100 mph.
- ii. Spotlight: factory installed, left side, not less than 5 inches with aircraft or halogen bulb.
- jj. Suspension: maximum handling package designed to limit body roll, allow flat cornering, limit drive on severe braking, limit squat on fast acceleration, and to provide optimum handling. Package should include, at a minimum, extra control front and rear shock absorbers, extra heavy duty frame or frame member reinforcement on unit frame, with front and rear stabilizer bars.
- kk. Tires: P225 60 V/R x 17 tubeless, fabric body and belts. Pursuit radial tires must be certified by both the tire and auto manufacturer for police use to 120 mph sustained.
- ll. Wheels: heavy duty, 16 inch diameter with metal, full wheel covers.
- mm. Windshield Wipers: intermittent type.
- nn. Upholstery: color to coordinate with exterior color. Dark colors and black unacceptable due to heat build-up.

C. OPTIONAL EQUIPMENT: Purchaser may select the following:

- AR. 3.55 limited slip axle ratio
- BD. Ballistic Door Panels for driver
- BP Ballistic Door Panels for driver and passenger
- DL. Daytime Running Lights
- IO. Roof reinforcement for light bar installation.
- MO. Delete spotlight: spotlight may be deleted for credit.
- OO. Spotlight (additional, to be installed front passenger side).
- VI. Delete **limited-slip** rear axle.
- VM. Vinyl Floor Mats, Front & Rear
- WL. Full sized spare with tire to match others on vehicle.
- WW. Rear Cloth Seat
- ZI. Street Appearance Package: **Front and Rear Cloth Seats**, Chrome grill, side moldings, change police engine markings

ADDENDUM 10: TYPE MAA: Four (4) Door Mid to Large Police Pursuit Sedan, 3.5L/V6
(Dodge Charger no substitutes)

A. SIZE CLASSIFICATION: Vehicle shall have no more than 103 cubic feet of passenger interior space volume and a minimum of 15 cubic feet of trunk/cargo volume. Interior volumes are the ones shown as mid-size sedans in the latest Fuel Economy Guide published by the Environmental Protection Agency.

B. STANDARD EQUIPMENT: Each vehicle shall be equipped with the following:

- a. Air Conditioning: Manual, factory installed and manufacturer standard tinted glass in all windows, tint may be dealer installed but of same manufacturer as vehicle.
- b. Alternator: high-output, minimum of 160 amperes.
- c. Antifreeze: serviced to -29°C (-20°F) or lower.
- d. Automatic Speed Control with tilt steering wheel (may be dealer installed, but of same manufacturer as vehicle).
- e. Automatic Transmission: Five-Speed with overdrive.
- f. Battery: maintenance free, type recommended by manufacturer for vehicle as equipped.
- g. Brakes: ABS type brake system and anti-slip rear axle.
- h. Cooling System: Severe-duty including heavy duty extra capacity radiator, heavy duty temperature controlled fan, and factory installed coolant recovery system.
- i. **Dome Lamp**: 12V LED/Incandescent.
- j. Drive Axle: manufacturer to select axle ratio which will provide the best overall performance and the heaviest duty available.
- k Electric Controlled Door Locks: **Operable from the front only; inoperable from the rear.**
- l. Engine: 3.5-liter V 6 engine with 250 hp @ 6,400 rpm and 250 lb-ft of torque @ 3,800 rpm. Suitable for police pursuit work and capable of accelerating from 0 to 60 mph in a maximum of 14.5 seconds with a minimum top Speed of 105 mph as shown in the latest Michigan Police Vehicle Test. Engine shall be 250 horsepower or larger equipped with dual exhaust (or single if larger enough for proper elimination of pressure) and factory installed engine oil cooler.
- m. Engine Compartment Light
- n. External Oil Coolers: engine oil, transmission fluid, power steering fluid.
- o. Floor Mats: cloth, individual front and rear, color to coincide with interior.
- p. Gauge Package: Warning lamps for low oil pressure, charging system, low fuel and coolant temperature
- q. Glove Box Light.
- r. Heater and Defroster
- s. Horns: Dual
- t. Inside Hood Latch Control
- u. License Plate Brackets: front and rear
- v. Locks, Door: single key locking system for each car with three keys per vehicle. Separate key and key fob.
- w. Mirrors, Rearview: with remote control both sides. None-glare, day-night inside.
- x. Operator's Manual
- y. Under Hood Lamp
- z. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by the ordering entity.

STATE OF ARKANSAS
DEPARTMENT OF FINANCE AND ADMINISTRATION
OFFICE OF STATE PROCUREMENT

STANDARD SPECIFICATIONS FOR TRUCKS, ONE (1) TON AND LESS

1. SCOPE AND CLASSIFICATION:

1.1 Scope - To set forth the minimum acceptable standards in obtaining trucks of (1) one ton or less capacity in conjunction with this specification and the states requirements.

1.2 Classification - Vehicles covered herein shall be of the following types and options as specified in the Contract Award :

TYPE PAA - Compact Pickup Truck, **Short Bed**; see addendum 1, page 79

TYPE PAB - Compact Pickup Truck, Extended Cab, Short Bed; see addendum 2, page 80

TYPE PAD – Compact Pickup Truck, 4x4, Extended Cab, Four (4) Doors, Short Bed
see addendum 2A, page 81

TYPE PBA - Full Size 1/2 Ton Pickup Truck, 6-Cylinder, Short Bed; see addendum 3, page 82

TYPE PBB - Full Size 1/2 Ton Pickup Truck, 6-Cylinder, Extended Cab, 4 doors
see addendum 4, page 83

TYPE PBC - Full Size 1/2 Ton Pickup Truck, 6-Cylinder, **Crew or Quad Cab**, 4 doors;
not on contract

TYPE PCA – Full Size 4x4 1/2 Ton Pickup Truck, 6-Cylinder, Long Bed; see addendum 6,
page 84

TYPE PCB – Full Size 4x4 1/2 Ton Pickup Truck, 8-Cylinder, Extended Cab, Long Bed; see
addendum 7, page 85

TYPE PCC – Full Size 4x4 1/2 Ton Pickup Truck, 8-Cylinder, **Crew or Quad Cab**, Long Bed;
addendum 8, page 86

TYPE PGA - Full Size 1/2 Ton Pickup Truck, 8-Cylinder; see addendum 9, page 87

TYPE PGB - Full Size 1/2 Ton Pickup Truck, 8-Cylinder, Extended Cab, Long Bed;
see addendum 10, page 88

TYPE PGC - Full Size 1/2 Ton Pickup Truck, 8-Cylinder, **Crew or Quad Cab**, Long Bed;
see addendum 11, page 89

TYPE PGD – Heavy-Duty 1/2 Ton Pickup Truck, 8-Cylinder, Long Bed;
see addendum 12, page 90

TYPE PGE – Heavy-Duty 1/2 Ton Pickup Truck, 8-Cylinder, Extended Cab, Long Bed;
see addendum 13, page 91

TYPE PGF - Heavy-Duty 1/2 Ton Pickup Truck, 8-Cylinder, **Crew or Quad Cab**, Long Bed;
see addendum 14, page 92

TYPE PJA – Heavy-Duty 3/4 Ton Pickup Truck; see addendum 15, page 93

TYPE PJB – Heavy-Duty 3/4 Ton Pickup Truck, Extended Cab, Long Bed;
see addendum 16, page 94

TYPE PJC - (not on contract, same as Type PJB)

TYPE PJD – Heavy-Duty 3/4 Ton Pickup Truck, Crew Cab, Long Bed;
see addendum 18, page 95

TYPE PEA – Heavy-Duty 4x4, 3/4 Ton Pickup Truck; see addendum 19, page 96

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 77

TYPE PEB – Heavy- Duty 4x4, 3/4 Ton Pickup Truck, Extended Cab, Long Bed;
see addendum 20, page 97

TYPE PEC - (not on contract, same as Type PEB)

TYPE PED – Heavy-Duty 4x4, 3/4 Ton Pickup Truck, Crew Cab, Long Bed;
see addendum 22, page 98

TYPE PKA - Full Size One Ton Pickup Truck, Dually; see addendum 23, page 99

TYPE PKB - Full Size One Ton Pickup Truck, Dually, Extended Cab;
see addendum 24, page 100

TYPE PKC – Full Size One Ton Pickup Truck, Dually, Crew Cab; see addendum 25, page 101

TYPE PQA - One-Ton Truck Standard Chassis Cab/Chassis Single Rear Wheels;
see addendum 26, page 102

TYPE PQB - One-Ton Truck Standard Chassis Cab/Chassis, Single Rear Wheels,
Crew or Quad Cab; see addendum 27, page 103

TYPE PRA - One-Ton Truck Long Chassis Cab/Chassis, Dual Rear Wheels
see addendum 28, page 104

TYPE PRB - One-Ton Truck Long Chassis Cab/Chassis, Dual Rear Wheels, **Crew or
Quad Cab**; see addendum 29, page 105

NOTE: Obtaining a cargo carrier other than those listed for a Type PQ or PR one-ton truck shall be the responsibility of the purchasing entity as an aftermarket option.

2. APPLICABLE DOCUMENTS:

- 2.1 Reference to any standard(s), specification(s), amendment(s), and/or test method(s) shall be to the current issue(s) in effect on the date of the Contract Award.
- 2.2 Gasoline mileage shall conform to minimums shown in the latest edition of the Fuel Economy Guide published by the Environmental Protection Agency.

3. REQUIREMENTS:

- 3.1 All vehicles furnished to the State of Arkansas shall be new and delivered as specified within the Contract Award. Vehicles shall be furnished with all interior, exterior trim and appointments listed by the manufacturer in printed specifications and literature as standard equipment. Vehicles shall also be equipped with any and all safety equipment required by the State of Arkansas and/or applicable Federal Regulations. Any upgrades and/or additional equipment necessitated by selection of any listed option by the ordering entity shall be included in the prices bid, and no additional charge shall be made by the vendor.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 78

- 3.2 Warranty - From date of delivery, each vehicle shall be accompanied by a warranty for a minimum of thirty six (36) months or thirty six thousand (36,000) miles, whichever comes first. Warranty shall certify that the vehicle is of good material and workmanship and that the replacement of any part or parts that fail under normal use within the designated period, free of negligence or accident, will be promptly repaired or replaced at NO cost to the agency, institution, or other public body that purchased the vehicle.
- 3.3 Specific Requirements - See addenda 1 through 29 for specific requirements appropriate to each type of vehicle listed herein.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES:

- 4.1 Responsibility for inspection - Unless otherwise specified, the successful contractor will be responsible for performing all inspections required herein. The Office of State Procurement reserves the right to make any and all inspections deemed necessary to insure compliance with this specification.
- 4.2 Samples - after bid results are tabulated, the Office of State Procurement reserves the right to require samples of selected vehicles be made available for inspection and evaluation as required in the IFB.

5. PREPARATION FOR DELIVERY:

Each vehicle shall be completely serviced, cleaned and thoroughly inspected by the successful contractor just prior to delivery to the purchasing entity. No dealer advertisement shall be on any vehicle purchased by the State of Arkansas.

PREDELIVERY REQUIREMENTS:

- a. Complete lubrication.
- b. Fill crankcase with oil.
- c. Adjustment of engine to proper operating conditions.
- d. Inflate tires to proper pressure.
- e. Careful check to assure perfect operation of all mechanical features.
- f. Front end alignment and wheels balanced.
- g. Cleaning of vehicle, if necessary, and removal of all unnecessary tags, stickers, papers, etc. Window price sticker shall not be removed
- h. No dealer's insignia shall be affixed to automobile.
- i. A minimum five gallons of fuel in each vehicle.
- j. Delivery shall be during normal working hours, 8 A.M. - 4 P.M. Monday - Friday.
- k. License plate holders installed, front and rear.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

Bidders Note: Engines bid in Standard Specification for pickup trucks must work with any option (NO ADDITIONAL COST) listed and if you list any exception for engine, your bid may not be considered.

ADDENDUM 1: TYPE PAA: Compact Pickup Truck, **Short Bed**

A. STANDARD EQUIPMENT: Each Short Wide Bed Pickup Truck shall be equipped as follows:

- a. Air Conditioning: factory installed, and manufacturer standard tinted glass in all windows.
- b. Alternator: type recommended by manufacturer for truck as equipped.
- c. Antifreeze: serviced to -29°C (-20°F) or lower.
- d. Battery: Maintenance free, type recommended by manufacturer for vehicle as equipped.
- e. Bumpers: standard front, heavy duty step type rear.
- f. Engine: gasoline engine of manufacturer's standard size for truck as equipped.
- g. Horsepower/Torque: minimum of 143 hp rating and 154 lb torque
- h. License Plate Brackets: front and rear.
- i. Short Wide Pickup Bed.
- j. Mirrors: two (2) outside, low mount, right and left.
- k. Operator's Manual.
- l. Paint: One (1) standard exterior color selected from manufacturer's standard list and specified by ordering entity.
- m. Power Brakes: Factory installed.
- n. Power Steering.
- o. Power Windows and Door Locks: factory installed.**
- p. Radio: factory installed in dash AM/FM.
- q. Tires: five (5) radial, tubeless, type recommended by manufacturer for vehicle as equipped.
- r. Transmission: automatic, with a minimum of three (3) forward Speeds and one (1) reverse.
- s. Upholstery: manufacturer's standard materials and colors to coincide with exterior color.

B. OPTIONAL EQUIPMENT: Purchaser may select from the following:

- AO. Four Wheel Drive (4x4) to include Oil Pressure Gauge, Automatic Locking Hubs, and Suspension type recommended by manufacturer for vehicle as equipped and with standard equipment.
- DL. Daytime Running Lights
- LS. Differential: limited slip, ratio as recommended by manufacturer.
- PO. Automatic Speed Control with tilt steering wheel (may be dealer installed but shall be from same manufacturer as vehicle).
- QH. Long Wide Pickup Bed.
- TO. Without air conditioning.
- ZO. Transmission: manual, with a minimum of three (3) forward Speeds and one (1) reverse.

ADDENDUM 18: TYPE PJD – Three-Quarter (3/4) Ton Heavy Duty Pickup Truck 8-cylinder Crew Cab, Long Bed, Full Size Rear Bench Seat, Four (4) Full Doors

A. STANDARD EQUIPMENT: Each Long Wide Bed Pickup Truck shall be equipped as follows:

- a. Air Conditioning: factory installed and manufacturer standard tinted glass in all windows.
- b. Alternator: heavy-duty, type recommended by manufacturer for vehicle as equipped.
- c. Antifreeze: serviced to -29°C (-20°F) or lower.
- d. Battery: maintenance free, type recommended by manufacturer for vehicle as equipped.
- e. Bumpers: standard front, heavy-duty step type rear.
- f. Engine: 8-cylinder gasoline engine, a minimum of 325 CID.
- g. GVWR: shall be 8600 or better.**
- h. Inside Hood Latch Control.
- i. License Plate Brackets: front and rear.
- j. Long Wide Pickup Bed.
- k. Mirrors: two (2) outside, low mount, right and left.
- l. Operator's Manual'
- m. Paint: one (1) standard exterior color selected from manufacturer's standa'd list and specified by ordering entity.
- n. Power Brakes: factory installed.
- o. Power Steering: factory installed.
- p. Power Windows and Door Locks: factory installed.**
- q. Radio: factory installed in dash AM/FM.
- r. Suspension: type recommended by manufacturer for vehicle as equipped.
- s. Tires: five (5) radial, tubeless, type recommended by manufacturer for vehicle as equipped.
- t. Transmission: heavy duty, automatic, with a minimum of three (3) forward Speeds and one (1) reverse.
- u. Upholstery: manufacturer's standard materials and color to coincide with exterior color.
- v. Crew Cab w/full size rear bench seat, four (4) full doors.

B. OPTIONAL EQUIPMENT: Purchaser may select from the following:

- BO. Differential with gear ratio designed for extra towing capability.
- BD. Up to 20% Bio Diesel under OEM Warranty
- CA. Diesel Engine: a minimum of 190 HP with a rear axle ratio as recommended by manufacturer to maximize the vehicles highway performance and towing capabilities.
- DL. Daytime Running Lights
- GO. Carrier: spare wheel, side mount.
- LS. Differential: limited slip, ratio as recommended by manufacturer.
- PO. Automatic Speed Control with tilt steering wheel (may be dealer installed but shall be from same manufacturer as vehicle).

**STANDARD SPECIFICATIONS FOR VANS, CARRYALLS CROSSOVERS
AND UTILITY VEHICLES**

1. SCOPE AND CLASSIFICATION:

- 1.1 Scope - To set forth the minimum purchasing standards in obtaining vans and utility vehicles in conjunction with this specification and the states requirements.
- 1.2 Classification - Vehicles covered herein shall be of the following types and options as specified in the Contract Award:

TYPE VAA – Full Size 1/2 Ton Utility Van; see addendum 1, page 108
TYPE VAB – Full Size 3/4 Ton Utility Van; see addendum 2, page 109
TYPE VAC – Full Size 1 Ton Utility Van; see addendum 3, page 110
TYPE VBA – Full Size 1/2 Ton 8-Passenger Van; see addendum 4, page 111
TYPE VGA – Full Size 3/4 Ton 8-Passenger Van; see addendum 5, page 112
TYPE VCA - 1 Ton 12-Passenger Van; see addendum 6, page 113
TYPE VDA - 1 Ton 15-Passenger Van; see addendum 7, page 114
TYPE VEA - Compact Utility Van; see addendum 8, page 115
TYPE VFA - Compact 7-Passenger Van; see addendum 9, page 116
TYPE PHA - Compact 2 WD Utility Vehicle; see addendum 10, page 117
TYPE PHB - Compact 4 WD Utility Vehicle; see addendum 11, page 118
TYPE PHC - Compact AWD Utility Vehicle; see addendum 12, page 119
TYPE PIA – Midsize 2 WD Utility Vehicle; see addendum 13, page 120
TYPE PIB – Midsize 4 WD Utility Vehicle; see addendum 14, page 121
TYPE PSA – Full Size 2 WD Utility Vehicle; see addendum 15, page 122
TYPE PSB – Full Size 4 WD Utility Vehicle; see addendum 16, page 123
TYPE PPV – 2WD SPECIAL PURPOSE UTILITY VEHICLE WITH POLICE PACKAGE; see addendum 17, page 124-125
TYPE PMA - 8-Passenger Carryall; see addendum 18, page 126

2. APPLICABLE DOCUMENTS:

- 2.1 Reference to any standard(s), specification(s), amendment(s), and/or test method(s) shall be to the current issue(s) in effect on the date of the Contract Award.
- 2.2 Gasoline mileage shall conform to minimums shown in the latest edition of the Fuel Economy Guide published by the Environmental Protection Agency.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 107

3. REQUIREMENTS:

- 3.1 All vehicles furnished to the State of Arkansas shall be new and delivered as specified within the Contract Award. Vehicles shall be furnished with all interior, exterior trim and appointments listed by the manufacturer in printed specifications and literature as standard equipment. Vehicles shall also be equipped with any and all safety equipment required by the State of Arkansas and/or applicable Federal Regulations. Any upgrades and/or additional equipment necessitated by selection of any listed option by the ordering entity shall be included in the prices bid, and no additional charge shall be made by the vendor.
- 3.2 Warranty - From date of delivery, each vehicle shall be accompanied by a warranty for a minimum of thirty-six (36) months or thirty six thousand (36,000) miles, whichever comes first. Warranty shall certify that the vehicle is of good material and workmanship and that the replacement of any part or parts that fails under normal use within the designated period, free of negligence or accident, will be promptly repaired or replaced at NO cost to the agency, institution, or other public body that purchased the vehicle.
- 3.3 Specific Requirements - See addenda 1 through 17 for specific requirements appropriate to each type of vehicle listed herein.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES:

- 4.1 Responsibility for inspection - Unless otherwise specified, the successful contractor will be responsible for performing all inspections required herein. The Office of State Procurement reserves the right to make any and all inspections deemed necessary to insure compliance with these specifications.
- 4.2 Samples - after bid results are tabulated, the Office of State Procurement reserves the right to require samples of selected vehicles for inspection and evaluation as required in the IFB.

5. PREPARATION FOR DELIVERY:

Each vehicle shall be completely serviced, cleaned and thoroughly inspected by the successful contractor just prior to delivery to the purchasing entity. No dealer advertisement shall be on any vehicle purchased by the State of Arkansas.

PREDELIVERY REQUIREMENTS:

- a. Complete lubrication.
- b. Fill crankcase with oil.
- c. Adjustment of engine to proper operating conditions.
- d. Inflate tires to proper pressure.
- e. Careful check to assure perfect operation of all mechanical features.
- f. Front end alignment and wheels balanced.
- g. Cleaning of vehicle, if necessary, and removal of all unnecessary tags, stickers, papers, etc. Window price sticker shall not be removed.
- h. No dealer's insignia shall be affixed to automobile.
- i. A minimum 5 gallons of fuel in each vehicle.
- j. Delivery shall be during normal working hours, 8 A.M. - 4 P.M. Monday - Friday.
- k. License plate holder, front and rear.

ADDENDUM 1: TYPE VAA: Full Size One-Half (1/2) Ton Utility Van, 8-cylinder

A. STANDARD EQUIPMENT: Each van shall be equipped with the following:

- a. Air Conditioning: factory installed.
- b. Alternator: heavy-duty, minimum 40 amperes.
- c. Anti-Freeze: serviced to -29°C (-20°F) or lower.
- d. Automatic Transmission: minimum of three (3) forward Speeds and one (1) reverse.
- e. Battery: maintenance free, type recommended by manufacturer for vehicle as equipped.
- f. Bumpers: front and rear.
- g. Cooling System: heavy-duty, including heavy-duty radiator, heavy-duty fan, and factory installed coolant recovery system.
- h. Doors: two (2) front, right and left with crank vertical windows, two (2) right side, to open in opposite direction or one (1) right sliding, and two (2) rear to open in opposite direction.
- i. Engine: **Eight (8) cylinder** gasoline fueled engine of the type recommended by manufacturer for vehicle as equipped.
- j. Glass: sides and rear cargo doors, manufacturer standard tinted glass in all windows.
- k. Inside Hood Latch Control.
- l. License Plate Brackets: front and rear.
- m. Mirrors: two (2) outside, low mount, right and left.
- n. Operator's Manual.
- o. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by ordering entity.
- p. Power Brakes: factory installed.
- q. Power Steering: factory installed.
- r. Radio: factory installed in dash AM/FM.
- s. Seats: two front, driver and passenger, manufacturer's standard colors and materials to coincide with vehicles exterior color.
- t. Shock absorbers: Type recommended by manufacturer for vehicle as equipped.
- u. Tires: Five (5) radial, tubeless, type recommended by manufacturer for vehicle as equipped.

B. OPTIONAL EQUIPMENT: Purchaser may choose from the following:

- DL. Daytime Running Lights
- DO. Glass: sides and rear cargo doors, delete for credit.
- FI. Insulation: top, including full length headliner; sides, including trim panels, trim items may be dealer installed if equivalent in quality to standard type offered by manufacturer.**
- LS. Differential: limited slip, ratio as recommended by manufacturer.
- PO. Automatic Speed Control (may be dealer installed of same manufacturer as vehicle) and tilt steering wheel.
- RA. Auxiliary Rear Air Condition Unit, rear heating, factory installed**
- TO. Without air conditioning.

ADDENDUM 2: TYPE VAB - Full Size Three-Quarter (3/4) Ton Utility Van, 8-cylinder

A. STANDARD EQUIPMENT: Each van shall be equipped with the following:

- a. Air Conditioning: factory installed.
- b. Alternator: heavy-Duty, minimum 40 amperes.
- c. Anti-Freeze: services to -29°C (-20°F) or lower.
- d. Automatic Transmission: minimum of three (3) forward Speeds and one reverse.
- e. Battery: maintenance free, type recommended by manufacturer for vehicle as equipped.
- f. Bumpers: front and rear.
- g. Cooling System: heavy-duty, including heavy-duty radiator, heavy-duty fan, and factory installed coolant recovery system.
- h. Doors: two (2) front, right and left with cranked vertical opening windows, two (2) right side opposite opening, or one (1) right side sliding, and two (2) rear opposite opening.
- i. Engine: Eight (8) cylinder gasoline fueled engine of the type recommended by manufacturer for vehicle as equipped.
- j. Glass: sides and rear cargo doors, manufacturer standard tinted glass in all windows.
- k. Inside Hood Latch Control.
- l. License Plate Brackets: front and rear.
- m. Mirrors: two (2) outside, low mount, right and left.
- n. Operator's manual.
- o. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by ordering entity.
- p. Power Brakes: factory installed.
- q. Power Steering: factory installed.
- t. Radio: factory installed in dash AM/FM.
- u. Seats: two (2) front, driver and passenger.
- v. Shock Absorbers: Type recommended by manufacturer for vehicle as equipped.
- w. Tires: five (5) radial, tubeless, type recommended by manufacturer for vehicle as equipped.

B. OPTIONAL EQUIPMENT: Purchaser may choose from the following:

- DL. Daytime Running Lights
- DO. Glass: sides and rear cargo doors, delete for credit.

- a. Air Conditioning: all weather, factory installed.
 - b. Alternator: minimum of 95 amperes.
 - c. Anti-Freeze: serviced to -29°C (-20°F) or lower, and vehicle to be completely winterized.
 - d. Automatic Speed Control (may be dealer installed, but of same manufacturer as vehicle) and tilt steering wheel.
 - e. Automatic Transmission: minimum of three (3) forward Speeds and one (1) reverse.
 - f. Battery: maintenance free; type recommended by manufacturer for vehicle as equipped.
 - g. Bumpers: front and rear.
 - h. Cooling System: heavy-duty, including heavy-duty radiator, heavy-duty fan, and factory installed coolant recovery system.
 - i. Differential: ratio as recommended by manufacturer.
 - j. Doors, Four (4): Front; right and left. Rear, right and left
 - k. Engine: Six (6) cylinder gasoline fueled engine of the type recommended by manufacturer for vehicle as equipped.
 - l. Floor Mats: individual front and rear, color to coincide with interior.
 - m. Glass: manufacturer standard tinted glass in all windows.
 - n. Inside Hood Latch Control.
 - o. Insulation: top, including full length headliner; sides, including trim panels; may be dealer installed if equivalent in quality to standard type offered by vehicle manufacturer.
 - p. License Plate Brackets: front and rear.
 - q. Mirrors: exterior, low mount (below eye level type), right and left, and one (1) interior.
 - r. Operator's Manual.
 - s. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by ordering entity.
 - t. Power Windows and Power Door Locks: factory installed.
 - u. Power Brakes: factory installed.
 - v. Power Steering: factory installed.
 - w. Radio: factory installed in dash AM/FM.
 - x. Seats: Bucket or split bench in front, fold down bench type in rear, and seat belts for all seats; manufacturer's standard materials and color to coincide with exterior color.
 - y. Shock Absorbers: Type recommended by manufacturer for vehicle as equipped.
 - z. Tires: four (4) according to manufacturer's factory standard with one (1) spare.
 - aa. Windshield Washer: with two (2) Speed wipers.
 - bb. Fuel Tank: **approximately 16-gallon** capacity or more.
 - cc. Lamp: interior dome with door courtesy warning feature.
 - dd. Stabilizer Equipment: front.
 - ee. Storage Box: instrument panel area.
- B. OPTIONAL EQUIPMENT: Purchaser may choose from the following:
- DL. Daytime Running Lights
 - KO. Skid plate.
 - LO. Special Equipment Package: includes steel wheels, rear window wiper and defroster. (not a police pkg.)
 - LR Low Range Gears for off road terrain.**
 - XO. Hitch, Class III, frame attached. Must be dealer or manufacturer installed. **To include external oil and transmission cooler.** Insert bar and ball not included.

ADDENDUM 17: TYPE PPV: SPECIAL PURPOSE UTILITY VEHICLE WITH POLICE PACKAGE, TWO WHEEL DRIVE

A. **STANDARD EQUIPMENT:** Each full-size two wheel drive (2WD) special purpose utility vehicle shall be equipped with the following, as standard equipment listed by manufacturer. The vehicle provided must be listed and approved as a pursuit vehicle in the latest Michigan Police Evaluation Program.

- a. Air Conditioning: Front and rear, factory installed.
- b. Alternator: Heavy duty, capable of no less than 160 amperes at maximum output.
- c. Anti-Freeze: Serviced to -20o F, or lower.
- d. Automatic Speed Control: May be dealer installed, but of same manufacturer as vehicle.
- e. Battery: Minimum of two (2) maintenance free batteries with a minimum rating each of 730 cold cranking amps at 0o F.
- f. Brakes: Power front and rear disc with four wheel anti-lock.
- g. Cooling System: Heavy-Duty, including heavy duty radiator, heavy duty fan, and factory installed coolant recovery system.
- h. Doors: Four (4) doors equipped with power locks, single key locking system for each vehicle and power windows. Rear entry to be lift-gate with lift-glass. Locks and door handles to be operable on all doors. Rear doors to be equipped with child safety latches.
- i. Door Courtesy Light: Over-ride or disconnect switch.
- j. Engine: 5.3L/8-cylinder gasoline fueled engine suitable for police pursuit work and capable of accelerating from 0 to 60 mph in a maximum of 10.0 seconds with a minimum top speed of 130 mph as shown in the latest Michigan Police Vehicle Test. Engine shall be equipped with an external crankcase engine oil cooler.
- k. Floor Covering: Black rubberized-vinyl.
- l. Floor Mats: front and rear vinyl.
- m. Fuel Tank: Minimum capacity of 26 gallons.
- n. Glass: manufacturer standard tinted glass in all windows, with a minimum of four (4) windows capable of being opened.
- o. GVWR: 6,700 pounds, minimum
- p. Heater-Defroster Unit: Including factory installed Auxiliary Rear Heater.
- q. Insulation: Top, including full length cloth headliner; sides, including trim panels. Color to coordinate with exterior color. Structural design and insulation shall insure that interior noise levels are kept to acceptable minimums.
- r. Locks, Door: single key locking system for each car with three (3) keys per vehicle. Separate key and key fob.
- s. Lights, Interior: Dome lights, cargo light and map lights. Dome and cargo lights to have delayed entry feature.
- t. Mirrors: Factory installed dual outside with power remote control; non-glare day-night inside.
- u. Operator's manual.
- v. Paint: one (1) standard exterior color selected from manufacturer's standard list and specified by ordering entity.
- w. Police Package: Including all features listed in the manufacturer's printed specifications and literature as a part of their police equipment package.
- x. Power Steering: Power assisted rack and pinion steering.
- y. Power Windows: Including operable front and rear switches.
- z. Radio: factory installed in dash AM/FM.

continue

ADDENDUM 17: TYPE PPV: SPECIAL PURPOSE UTILITY VEHICLE WITH POLICE PACKAGE, TWO WHEEL DRIVE

aa. Radio Suppression: Radio frequency interference suppression measures and devices shall be incorporated into the vehicle so that interference generated does not exceed the limits established in SAE standard J551, entitled "Performance levels and methods of measurement of electromagnetic radiation from vehicles and devices (30-1000 MHz)".

bb. Rear Axle: Equipped with Limited Slip Differential. Manufacturer to select axle ratio which will provide the best overall performance and of the heaviest duty available.

cc. Seats: Heavy-Duty individual cloth front seats with approximately 10" spacing between seats in center, and split-folding bench type rear seat. Rear seat upholstery to consist of manufacturer's standard materials for model and trim level provided. Seat belts shall be provided for all seating positions.

dd. Speedometer: 0 to 140 mph, certified calibrated within two (2) mph. Allowable instrument error to be + one (1) mph at all speeds between 10 and 100 mph.

ee. Spotlight: Left side, factory installed.

ff. Suspension: Maximum handling package designed to limit body roll, allow flat cornering, limit dive on severe braking, limit squat on fast acceleration, and to provide optimum handling. Package shall include, at a minimum, heavy duty suspension, and front and rear stabilizer bars.

gg. Tilt Steering Wheel.

hh. Tires: Five (5) Pursuit Radials no less than P265/60R17 tubeless, blackwall, all season tread, fabric body and steel belts. Tires must be certified by both the tire and vehicle manufacturer for police use for a sustained speed to meet or exceed vehicle performance capabilities.

ii. Transmission: Automatic with a minimum of four (4) forward speeds and one (1) reverse, equipped with auxiliary transmission oil cooler.

jj. Transmission Shifter: Located on steering column.

kk. Wheelbase: minimum of 116"

ll. Wheels: Heavy duty steel, police

mm. Wheel Covers/Center Caps: Metal, bolt-on. May be full cover or center cap.

nn. Wipers: Dual electric intermittent windshield wipers with washers and rear window wiper with washer.

oo. Inside Hood Latch Control.

B. OPTIONAL EQUIPMENT: Purchaser may choose from the following:

AR. 3.55 limited slip axle ratio

BD. Ballistic Door Panels for driver side only

BP. Ballistic Door Panels for driver and passenger

DL. Daytime Running Lights

IO. Roof reinforcement for light bar installation

KO. Skid Plate: Designed to protect front underbody and oil pan.

MO. Delete Spotlight: Spotlight may be deleted for Credit (deduct)

OO. Spotlight (additional, to be installed front passenger side).

VI. Delete limited-slip rear axle

VM. Vinyl Floor Mats, Front & Rear

WL. Full size spare; tire to match others on vehicle.

WW. Rear Cloth Seat

ZI. Street Appearance Package: Carpeted flooring and floor mats, side moldings, and deletes spotlight

STATE OF ARKANSAS
DEPARTMENT OF FINANCE AND ADMINISTRATION
OFFICE OF STATE PROCUREMENT

STANDARD SPECIFICATIONS FOR HYBRID VEHICLES

1. SCOPE AND CLASSIFICATION:

Vehicles covered herein shall be of the following types and options as specified in the Contract Award.

- 1.1 Scope - To set forth the minimum purchasing standards in obtaining hybrid electric/gas vehicles in conjunction with this specification and the states requirements.
- 1.2 Classification - Vehicles covered herein shall be of the following types and options as specified in the Contract Award:

TYPE HCS: Four (4) door, compact sedan, 4-cylinder; see addendum 1, **NO AWARD**
TYPE HMM: Four (4) door, mid-size hatchback sedan, 4-cylinder; see addendum 2, **NO AWARD**
TYPE HMS: Four (4) door, mid-size sedan, 4-cylinder, see addendum 3, page 129
TYPE HMF: Four (4) door, mid-size sedan, 6-cylinder; see addendum 4, **NO AWARD**
TYPE HTU: Four (4) door, 5-Passenger SUV, 2WD, 4-cylinder, see addendum 5, page 130
TYPE HFU: Four (4) door, 5-Passenger SUV, 4WD or AWD, 4-cylinder; see addendum 6, page 131
TYPE HST: Four (4) door, 7-Passenger SUV, 2WD, 6-cylinders; see addendum 7, page 132
TYPE HSF: Four (4) door, 7-Passenger SUV, 4WD OR AWD, 6-cylinders; see addendum 8, page 133
TYPE HTT: 1/2T Truck, Crew or Quad Cab, 2WD, 8-cylinders; see contract SP-09-0148
TYPE HFT: 1/2T Truck, Crew or Quad Cab, 4WD, 8-cylinders; see contract SP-09-0148

2. APPLICABLE DOCUMENTS:

- 2.1 Reference to any standard(s), specification(s), amendment(s), and/or test method(s) shall be to the current issue(s) in effect on the date of the Contract Award.
- 2.2 Gasoline mileage shall conform to minimums shown in the latest edition of the Fuel Economy Guide published by the Environmental Protection Agency.

3. REQUIREMENTS:

- 3.1 All vehicles furnished to the State of Arkansas shall be new and delivered as specified within the Contract Award. Vehicles shall be furnished with all interior, exterior trim and appointments listed by the manufacturer in printed specifications and literature as standard equipment. Vehicles shall also be equipped with any and all safety equipment required by the State of Arkansas and/or applicable Federal Regulations. Any upgrades and/or additional equipment necessitated by selection of any listed option by the ordering entity shall be included in the prices bid, and no additional charge shall be made by the vendor.
- 3.2 Warranty - From date of delivery, each vehicle shall be accompanied by a warranty for a

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 128

minimum of thirty-six (36) months or thirty six thousand (36,000) miles, whichever comes first. Warranty shall certify that the vehicle is of good material and workmanship and that the replacement of any part or parts that fails under normal use within the designated period, free of negligence or accident, will be promptly repaired or replaced at NO cost to the agency, institution, or other public body that purchased the vehicle.

3.3 Specific Requirements - See addenda 1 through 10 for specific requirements appropriate to each type of vehicle listed herein.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES:

4.1 Responsibility for inspection - Unless otherwise specified, the successful contractor will be responsible for performing all inspections required herein. The Office of State Procurement reserves the right to make any and all inspections deemed necessary to insure compliance with these specifications.

4.2 Samples - after bid results are tabulated, the Office of State Procurement reserves the right to require samples of selected vehicles for inspection and evaluation as required in the IFB.

5. PREPARATION FOR DELIVERY:

Each vehicle shall be completely serviced, cleaned and thoroughly inspected by the successful contractor just prior to delivery to the purchasing entity. No dealer advertisement shall be on any vehicle purchased by the State of Arkansas.

PREDELIVERY REQUIREMENTS:

- a. Complete lubrication.
- b. Fill crankcase with oil.
- c. Adjustment of engine to proper operating conditions.

ADDENDUM 3: TYPE HMS: Four (4) Door, Mid-Size Sedan, 4-Cylinder (Hatchback Sedan will not be accepted)

A. SIZE CLASSIFICATION: Vehicle shall be classified in the latest edition of the U.S. Environmental Protection Agency's Fuel Economy Guide as a Mid-Size 4-cylinder Sedan.

B. STANDARD EQUIPMENT: Each vehicle shall be equipped with the following:

- a. Air Bags: Driver & Front Passenger, factory installed
- b. Air Conditioning: factory installed
- c. Alternator: type recommended by manufacturer for vehicle as equipped.
- d. Battery: Ni-MH (Nickel-Metal Hybrid)
- e. Battery Voltage: type recommended by manufacturer for vehicle as equipped
- f. Brakes: Each vehicle shall be equipped with the manufacturer's standard power assisted service brakes with a four-wheel, electronic controlled, anti-lock brake system (ABS).
- g. Doors: Four (4) manufacturer's standard type for vehicle
- h. Emissions System: manufacturer's standard type for vehicle.
- i. Engine: minimum of 4-cylinders
- j. Floor Mats: front and rear, color to coincide with interior.
- k. Glass: manufacturer standard privacy or tinted glass in all windows.
- l. Horsepower, Net: minimum of 160 hp
- m. Inside hood latch control
- n. Keys: 2 sets
- o. License Plate Brackets: front and rear
- p. Operator's Manual
- q. Paint: one (1) exterior color selected from manufacturer's standard list and specified by ordering entity.
- r. Power Steering: factory installed manufacturer's standard power assisted steering
- s. Radio: AM/FM
- t. Seats: Front Bucket. Rear Seat; type recommended by manufacturer for vehicle as equipped.
- u. Suspension: type recommended by manufacturer for vehicle as equipped.
- v. Tires and Wheels: (four) 4 radial, tubeless tires of the size and load range recommended by vehicle manufacturer for automobile as equipped.
- w. Transmission/Driveline: Each vehicle shall be equipped with the manufacturer's standard automatic-overdrive type transmission and shall include the manufacturer's standard transmission cooler. Vehicles equipped with a continuously variable transmission (CVT) will be acceptable.
- x. Upholstery: cloth material and colors to coincide with exterior color chosen.

C. OPTIONAL EQUIPMENT: Purchaser may choose from the following:

AM. Body Side Molding

ADDENDUM 5: TYPE HTU: Four (4) Door, 5-Passenger SUV, 2WD, 4-Cylinder

A. SIZE CLASSIFICATION: Vehicle shall be classified in the latest edition of the U.S. Environmental Protection Agency's Fuel Economy Guide as specified above.

B. STANDARD EQUIPMENT: Each vehicle shall be equipped with the following:

- a. Air Bags: Driver & Front Passenger, factory installed
- b. Air Conditioning: factory installed
- c. Alternator: type recommended by manufacturer for vehicle as equipped.
- d. Battery: Ni-MH (Nickel-Metal Hybrid)
- e. Battery Voltage: type recommended by manufacturer for vehicle as equipped
- f. Brakes: Each vehicle shall be equipped with the manufacturer's standard power assisted service brakes with a four-wheel, electronic controlled, anti-lock brake system (ABS).
- g. Doors: Five (5) manufacturer's standard type for vehicle
- h. Emissions System: manufacturer's standard type for vehicle.
- i. Engine: minimum of 4-cylinder
- j. Floor Mats: front and rear, color to coincide with interior.
- k. Glass: manufacturer standard tinted glass in all windows.
- l. Horsepower, Net: minimum of 155 hp
- m. Inside hood latch control
- n. Keys: 2 sets
- o. License plate brackets: front and rear
- p. Operator's Manual
- q. Paint: one (1) exterior color selected from manufacturer's standard list and specified by ordering entity.
- r. Power Outlet: 110-volt
- s. Power Steering: factory installed manufacturer's standard power assisted steering
- t. Radio: AM/FM
- u. Seats: Front Bucket. Second Row: fold-flat type; manufacturer's standard type for vehicle as equipped.
- v. Suspension: type recommended by manufacturer for vehicle as equipped.
- w. Tires and Wheels: (four) 4 radial, tubeless tires of the size and load range recommended by vehicle manufacturer for automobile as equipped.
- x. Towing, Class 1: up to 1000 lbs
- y. Transmission/Driveline: Each vehicle shall be equipped with the manufacturer's standard automatic-overdrive type transmission and shall include the manufacturer's standard transmission cooler. Vehicles equipped with a continuously variable transmission (CVT) will be acceptable.
- z. Upholstery: cloth material and colors to coincide with exterior color chosen.
- aa. Wheelbase: minimum of 100"

C. OPTIONAL EQUIPMENT: Purchaser may choose from the following:

- AM. Body Side Molding
- DL. Daytime running lamps
- HB. Engine Block Heater
- PO. 110-volt power outlet
- RC. Retractable cargo area cover.

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 134

TERM AWARD TERMS AND CONDITIONS

1. GENERAL: All terms and conditions stated in the invitation for bid govern this contract.
2. PRICES: Prices are firm and not subject to escalation, unless otherwise specified in the invitation for bid.
3. DISCOUNTS: All cash discounts offered will be taken if earned.
4. TAXES: Most state agencies must pay state sales tax. Before billing, the contractor should contact the ordering agency to find out if that agency must pay sales tax. Itemize state sales tax when applicable on invoices.
5. BRAND NAME REFERENCES: The contractor guarantees that the commodity delivered is the same as specified in the bid.
6. GUARANTY: All items delivered are to be newly manufactured, in first- class condition, latest model and design, including, where applicable, containers suitable for shipment and storage unless otherwise indicated in the bid invitation. The contractor guarantees that everything furnished hereunder will be free from defects in design, workmanship, and material; that if sold by drawing, sample or specification, it will conform thereto and will serve the function for which furnished. The contractor further guarantees that if the items furnished hereunder are to be installed by the contractor, such items will function properly when installed. The contractor also guarantees that all applicable laws have been complied with relating to construction, packaging, labeling, and registration. The contractor's obligations under this paragraph shall survive for a period of one year from the date of delivery, unless otherwise specified in the invitation for bid.
7. AWARD: This contract award does not authorize shipment. Shipment against this contract is authorized by the receipt of a purchase order from the ordering agency. A written purchase order mailed or otherwise furnished to the contractor results in a binding obligation without further action by either party.
8. DELIVERY: The term of the contract is shown on the face of the contract award. The contractor is required to supply the state's needs during this term. The number of days required to place the commodity in the receiving agency's designated location under normal conditions is also shown. Consistent failure to meet delivery without a valid reason may cause removal from the bidders' list or suspension of eligibility for award.
9. BACK ORDERS OR DELAY IN DELIVERY: Back orders or failure to deliver within the time required may be default of the contract. The contractor must give written notice to the Office of State Procurement and ordering agency of the reason and the expected delivery date. If the reason is not acceptable, the contractor is in default. The Office of State Procurement has the right to extend delivery if reasons appear valid. If the date is not acceptable, the agency may buy elsewhere.
10. DELIVERY REQUIREMENTS: No substitutions or cancellations are permitted without written approval of the Office of State Procurement. Delivery shall be made during agency work hours

STATE OF ARKANSAS
CONTRACT AWARD

AWARD NO: SP-10-0001

PAGE 135

only, 8:00 a.m. to 4:30 p.m., unless prior approval for other delivery has been obtained from the agency. Packing memoranda shall be enclosed with each shipment.

11. STORAGE: The ordering agency is responsible for storage if the contractor delivers within the time required and the agency cannot accept delivery.
12. DEFAULT: All commodities furnished will be subject to inspection and acceptance of the ordering agency after delivery. Default in promised delivery or failure to meet specifications authorizes the Office of State Procurement to cancel this contract or any portion of same and reasonably purchase commodities elsewhere and charge full increase, if any, in cost and handling to the defaulting contractor.
13. VARIATION IN QUANTITY: The state assumes no liability for commodities produced, processed or shipped in excess of the amount specified herein.
14. INVOICING: The contractor shall submit an original and two copies of an itemized invoice showing the bid number and purchase request number when itemized in the invitation for bid. Invoices must be sent to "Invoice to" point shown on the purchase order.
15. STATE PROPERTY: Any specifications, drawing, technical information, dies, cuts, negatives, positives, data or any other commodity furnished to the contractor hereunder or in contemplation hereof or developed by the contractor for the use hereunder shall remain property of the state, be kept confidential, be used only as expressly authorized, and be returned at the contractor's expense to the F.O.B. point, properly identifying what is being returned.
16. ASSIGNMENT: This contract is not assignable nor the duties hereunder delegable by either party without the written consent of the other party to the contract.
17. OTHER REMEDIES: In addition to the remedies outlined herein, the contractor and the state have the right to pursue any other remedy permitted by law or in equity.
18. LACK OF FUNDS: The state may cancel this contract to the extent funds are no longer legally available for expenditures under this contract. Any delivered but unpaid for goods will be returned in normal condition to the contractor by the state. If the state is unable to return the commodities in normal condition and there are no funds legally available to pay for the goods, the contractor may file a claim with the Arkansas Claims Commission. If the contractor has provided services and there are no longer funds legally available to pay for the services, the contractor may file a claim.
19. QUANTITIES: The state may order more or less than the estimated quantity in the invitation for bid.
20. DISCLOSURE: Failure to make any disclosure required by the Governor's Executive Order 98-04, or any violation of any rule, regulation, or policy adopted pursuant to that order, shall be a material breach of the terms of this contract. Any contractor, whether an individual or entity, who fails to make the required disclosure or who violates any rule, regulation, or policy shall be subject to all legal remedies available to the agency.
