Minority participation is encouraged in this and all other procurements by state agencies. "Minority" is defined by Arkansas Code Annotated § 1-2-503 as "black or African American, Hispanic American, American Indian or Native American, Asian, and Pacific Islander". The Division of Minority Business Enterprise of the Department of Economic Development conducts a certification process for minority businesses. ## **TECHNOLOGY ACCESS**

Please reference Arkansas statute 25.26.201 et seq. The Vendor expressly acknowledges that state funds may not be expended in connection with the purchase of information technology unless that system meets certain statutory requirements, in accordance with the State of Arkansas technology policy standards, relating to accessibility by persons with visual impairments. Accordingly, the Vendor represents and warrants to State of Arkansas that the technology provided to State of Arkansas for purchase is capable either by virtue of features included within the technology or because it is readily adaptable by use with other technology of:

Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance.

## Section 1

### 1.1 INTRODUCTION

Manufacturers, Dealers and Resellers are invited to prepare and submit bids for Digital Copier equipment, consumables, software and maintenance/service. The purpose of this contract is to streamline and improve the renting process for state agencies, institutes of higher education, K12 schools and offices, and local procurement entities. This will be a mandatory contract for State Agencies and Institutes of Higher Education.

Under no circumstances will re-manufactured, refurbished, recycled, second-hand, previously owned, used or analog equipment be accepted.

### 1.2 TYPE OF CONTRACT & RENEWALS

Delivery dates must be indicated on the Official Bid Price Sheets where indicated.

### 1.3 CONTRACT GUIDELINES

#### A. The State of Arkansas may not contract with another party:

1. To indemnify and defend that party for any liability and damages. However, the State Procurement Official may agree to hold the other party harmless from any loss or claim resulting directly from and attributable to the State's use or possession of equipment or software and reimburse that party for the loss caused solely by the State's use or possession (this is the only form of indemnification to which the State Procurement Official can agree).
2. Upon default, to pay all sums to become due under a contract.
3. To pay damages, legal expenses or other costs and expenses of any party.

#### B. The State of Arkansas may contract with another party:

1. 2. In the event funds are not appropriated for the equipment or software described in this agreement or there are no funded appropriations from which payment can be made, the State Procurement Official may, upon thirty days written notice to the vendor or lessor, cancel the agreement for that equipment or software.

Unless otherwise stated, all standard and special terms and conditions listed within the Invitation for Bid (IFB) must be equally applied to such participants. Cooperative Procurement Participants will handle their own payments and renewals.

### **1.6 CANCELLATION**

In the event the State no longer needs the maintenance/service or commodity specified in the contract or purchase order due to program changes, changes in laws, rules, or regulations, relocation of offices, or lack of appropriated funding, the State may cancel the contract or purchase order by giving the contractor written notice of such cancellation 30 days prior to the date of cancellation.

- A. Assignment will **not** be permitted without prior written consent from the Director of State Procurement.
- B. All payments for maintenance/service, accessories, features and support offered under this contract must go directly to the Dealer/Reseller, and not to any third party financing entity.
- C. All invoices for maintenance/service, accessories, features and support offered under this contract will come directly from the Dealer/Reseller, and not from any third party financing entity.

### **3.4 PERFORMANCE SECURITY**

In order to assure full performance of all obligations imposed on a vendor by contracting with the State, the selected vendor will be required to provide a performance security in an amount of at least twenty-five thousand dollars (\$25,000) submitted by the vendor within 10 working days from date of receipt of the States written notification of its intent to award a bid. The form of security required shall be a performance bond such as is usually and customarily written and issued by surety companies licensed and authorized to do business in Arkansas or a cashier's/certified check. An irrevocable letter of credit from an Arkansas bank is also acceptable. The State Procurement Official shall award the contract upon acceptance of the performance security.

If a vendor fails to deliver the required performance security, the bid shall be rejected and the contract shall be awarded to the provider of the next ranked bid. In the event of a breach of contract, either through quality problems, late delivery, substitutions, non-performance, or other areas within the control of the vendor, the State Procurement Official will notify the vendor in writing of the default and may assess reasonable charges against the vendor's performance security. If, after notification of default, the vendor fails to remedy the State's damages within ten (10) working days, the State Procurement Official may initiate procedures for collection against the vendor's performance security.

In order to achieve the greatest economy for the State, the State Procurement Official may choose the next highest ranked vendor, re-advertise for bids, negotiate a purchase, or complete any other action consistent with the purchasing laws. The performance security will be released at the end of the contract period

## Standard Terms Conditions

**GENERAL:** All terms and conditions stated in the invitation for bid govern this contract.

**PRICES:** Prices are firm and not subject to escalation, unless otherwise specified in the invitation for bid.

**DISCOUNTS:** All cash discounts offered will be taken if earned.

**TAXES:** Most state agencies must pay state sales tax. Before billing, the contractor should contact the ordering agency to find out if that agency must pay sales tax. Itemize state sales tax when applicable on invoices.

**BRAND NAME REFERENCES:** The contractor guarantees that the commodity delivered is the same as specified in the bid.

**GUARANTY:** All items delivered are to be newly manufactured, in first- class condition, latest model and design, including, where applicable, containers suitable for shipment and storage unless otherwise indicated in the bid invitation. The contractor guarantees that everything furnished hereunder will be free from defects in design, workmanship, and material; that if sold by drawing, sample or specification, it will conform thereto and will serve the function for which furnished. The contractor further guarantees that if the items furnished hereunder are to be installed by the contractor, such items will function properly when installed. The contractor also guarantees that all applicable laws have been complied with relating to construction, packaging, labeling, and registration. The contractor's obligations under this paragraph shall survive for a period of one year from the date of delivery, unless otherwise specified in the invitation for bid.

**AWARD:** This contract award does not authorize shipment. Shipment against this contract is authorized by the receipt of a purchase order from the ordering agency. A written purchase order mailed or otherwise furnished to the contractor results in a binding obligation without further action by either party.

**DELIVERY:** The term of the contract is shown on the face of the contract award. The contractor is required to supply the state's needs during this term. The number of days required to place the commodity in the receiving agency's designated location under normal conditions is also shown. Consistent failure to meet delivery without a valid reason may cause removal from the bidders' list or suspension of eligibility for award.

**BACK ORDERS OR DELAY IN DELIVERY:** Back orders or failure to deliver within the time required may be default of the contract. The contractor must give written notice to the Office of State Procurement and ordering agency of the reason and the expected delivery date. If the reason is not acceptable, the contractor is in default. The Office of State Procurement has the right to extend delivery if reasons appear valid. If the date is not acceptable, the agency may buy elsewhere.

**DELIVERY REQUIREMENTS:** No substitutions or cancellations are permitted without written approval of the Office of State Procurement. Delivery shall be made during agency work hours only, 8:00 a.m. to 4:30 p.m., unless prior approval for other delivery has been obtained from the agency. Packing memoranda shall be enclosed with each shipment.

**STORAGE:** The ordering agency is responsible for storage if the contractor delivers within the time required and the agency cannot accept delivery.

**DEFAULT:** All commodities furnished will be subject to inspection and acceptance of the ordering agency after delivery. Default in promised delivery or failure to meet specifications authorizes the Office of State Procurement to cancel this contract or any portion of same and reasonably purchase commodities elsewhere and charge full increase, if any, in cost and handling to the defaulting contractor.

**VARIATION IN QUANTITY:** The state assumes no liability for commodities produced, processed or shipped in excess of the amount specified herein.

**INVOICING:** The contractor shall submit an original and two copies of an itemized invoice showing the bid number and purchase request number when itemized in the invitation for bid. Invoices must be sent to "Invoice to" point shown on the purchase order.

**STATE PROPERTY:** Any specifications, drawing, technical information, dies, cuts, negatives, positives, data or any other commodity furnished to the contractor hereunder or in contemplation hereof or developed by the contractor for the use hereunder shall remain property of the state, be kept confidential, be used only as expressly authorized, and be returned at the contractor's expense to the F.O.B. point, properly identifying what is being returned.

**ASSIGNMENT:** This contract is not assignable nor the duties hereunder delegable by either party without the written consent of the other party to the contract.

**OTHER REMEDIES:** In addition to the remedies outlined herein, the contractor and the state have the right to pursue any other remedy permitted by law or in equity.

**LACK OF FUNDS:** The state may cancel this contract to the extent funds are no longer legally available for expenditures under this contract. Any delivered but unpaid for goods will be returned in normal condition to the contractor by the state. If the state is unable to return the commodities in normal condition and there are no funds legally available to pay for the goods, the contractor may file a claim with the Arkansas Claims Commission. If the contractor has provided services and there are no longer funds legally available to pay for the services, the contractor may file a claim.

**QUANTITIES:** The state may order more or less than the estimated quantity in the invitation for bid.

**DISCLOSURE:** Failure to make any disclosure required by the Governor's Executive Order 98-04, or any violation of any rule, regulation, or policy adopted pursuant to that order, shall be a material breach of the terms of this contract. Any contractor, whether an individual or entity, who fails to make the required disclosure or who violates any rule, regulation, or policy shall be subject to all legal remedies available to the agency.
