ON-LINE TRAINING

The purpose of providing online training is to make training available to all new hires and those needing continuing education in a timely fashion. The online format eliminates issues of time away from work and the expense of travel. Through this process, the administration of Juvenile Justice in Arkansas will be strengthened. During the training, some modules will provide the opportunity for

discussions of hypothetical

situations. The online format allows participants to interact with others in the class and with UALR instructors.. The goal of such interaction is to make the training more relevant to your daily experiences and provide participants the opportunity to apply knowledge from the training modules.

WHAT TO EXPECT IN EACH MODULE:

For each of the modules, you will have lecture notes, power point presentations, a pre-test, and discussions.

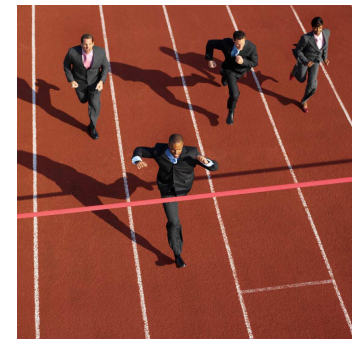

Many modules contain supporting documents for additional information, attached in Power-Point presentations. You may print supporting materials and keep them for future reference.

HOW TO REGISTER.....

To register for training, e-mail the UALR Juvenile Justice center at: juveniletraining@ualr.edu. We will respond through e-mail with an application for you to complete and return. After the application is complete, you will be given a user identification name and password to access training through Web CT.

REGISTER TODAY AND BE THE FIRST TO RECEIVE YOUR CERTIFICATE

To receive a certificate, all 10 modules must be completed and the participant must pass the final exam. After completing the modules, email the Juvenile Justice Center. Once completion is confirmed, a certificate will be mailed to you for your records.
