4. Content and Format of Application Submission:

- **Page Limit:** The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative to no more than 25 pages. **(The page count begins on page 8. After adding information into the response boxes under each section within the Narrative section, an applicant's final page count should not exceed 25 pages).** Partial pages will count as a full page toward the page limit. For the purpose of determining compliance with the page limit, each page on which there are words will be counted as one full page. Applicants must use the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
 - Single space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
 - Use a font that is either 12 point or larger.
 - Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.
- The page limits do not apply to the required Title Page, Table of Contents, Letters of Support, or Budget Form. If you include any attachments or appendices, these items will be counted as part of the narrative, for purposes of the page limit requirement. You must include your complete response to the selection criteria, which also includes the budget narrative.

Applications will not be accepted if they do not meet the page limits.

5. Other Submission Information (Special Accommodations):

Individuals with disabilities who need accommodation or auxiliary aid in connection with the application process should contact our office. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

6. Review and Selection Process:

A panel of non-Federal readers will review each application in accordance with the selection criteria and the competitive preference priorities, pursuant to Act 1285 of the 2013 General Legislative Session, Act 960 of the 2015 General Legislative Session, Act 128 of the 2017 General Legislative Session, Act 633 of the 2021 General Legislative Session. Readers will be trained by the Department and given guidance on how to evaluate applications in a method that is both uniform and rigorous. The individual scores of the readers will be added and the sum divided by the number of readers to determine the reader score received in the review process. The Senior Associate Director, along with the Director for the Division of Career Technical Education, makes new grants in rank order based on the total scores of the reader scores awarded to each application. If there are insufficient funds for all applications with the same total score, the Senior Associate Director for DCTE, along with the Director of DCTE will choose among the tied applications to serve geographical areas and/or student populations with the most need to be served by an Arkansas College and Career Coach Program. The Senior Associate Director will not approve a new grant to an applicant if the applicant's prior project involved the fraudulent use of program funds.

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Senior Associate Director may consider the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Senior Associate Director may also consider whether the applicant failed to submit timely performance reports or submitted a report of unacceptable quality.

IV. Award Administration Information

1. **Award Notices:** If your application is successful, we will send a Grant Award Notification (GAN) via email. We also may notify you informally. If your application is not evaluated or is not selected for funding, we will notify you via email. Emails will be sent to the email address listed on the application under “Contact Person”.

2. Reporting:

- If you apply for a grant under this competition, you must ensure that you have the necessary processes and systems in place to comply with the reporting requirements.
- At the end of your project period, you must submit a final performance report, including financial information, as directed by the Senior Associate Director for DCTE.
